Dear [REDACTED]:

Enclosed is the Office of the Medicaid Inspector General's (OMIG) final audit report entitled "Review of St. Lawrence County Community Services Board" (Provider) paid claims for OASAS outpatient chemical dependence services covering the period January 1, 2009, through June 30, 2011. Since you did not respond to our draft audit report dated June 24, 2015, the findings in the final audit report are identical to those in the draft audit report.

In the attached final audit report, the OMIG has detailed our scope, procedures, laws, regulations, rules and policies, sampling technique, findings, provider rights, and statistical analysis.

The OMIG has attached the sample detail for the paid claims determined to be in error. The adjusted mean point estimate overpaid is \$83,544. The adjusted lower confidence limit of the amount overpaid is \$29,257. We are 95% certain that the actual amount of the overpayment is greater than the lower confidence limit. This audit may be settled through repayment of the lower confidence limit of \$29,257.

OFFICE OF THE MEDICAID INSPECTOR GENERAL

www.omig.ny.gov

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

EXECUTIVE SUMMARY

BACKGROUND

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

Outpatient chemical dependence services are provided in either hospital-based or free-standing settings. Regardless of the setting in which they are provided, these services must be furnished in one of two distinct programs: an outpatient chemical dependence clinic program or an outpatient chemical dependence rehabilitation program. The purpose of outpatient programs for individuals with a diagnosis of chemical dependence is to provide medical evaluation, clinical care management, clinical services, and rehabilitation services. The specific standards and criteria for chemical dependence clinics are outlined in Title 14 NYCRR Part 822 and Title 18 NYCRR Section 505.27. The MMIS Provider Manual for Clinics also provides program guidance for claiming Medicaid reimbursement for chemical dependence services.

PURPOSE AND SCOPE

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OASAS outpatient chemical dependence complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to OASAS outpatient chemical dependence, this audit covered services paid by Medicaid from January 1, 2009, through June 30, 2011.

SUMMARY OF FINDINGS

We inspected a random sample of 100 services with \$6,386.00 in Medicaid payments. Of the 100 services in our random sample, 24 services had at least one error and did not comply with state requirements. Of the 24 noncompliant services, some contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
Missing Discharge Summary	13
Missing Discharge Plan	6
Missing Patient Record	3
No EOB for Third Party Health Insurance Covered Service	2
Missing Physician Signature on Treatment Plan	1
Missing Comprehensive Evaluation Update	1

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$1,547.76 in sample overpayments with an extrapolated adjusted point estimate of \$83,544. The adjusted lower confidence limit of the amount overpaid is \$29,257.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including OASAS outpatient chemical dependence claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

New York State's OASAS Outpatient Chemical Dependence Services Program

Outpatient chemical dependence services are provided in either hospital-based or free-standing settings. Regardless of the setting in which they are provided, these services must be furnished in one of two distinct programs: an outpatient chemical dependence clinic program or an outpatient chemical dependence rehabilitation program. The purpose of outpatient programs for individuals with a diagnosis of chemical dependence is to provide medical evaluation, clinical care management, clinical services, and rehabilitation services. The specific standards and criteria for chemical dependence clinics are outlined in Title 14 NYCRR Part 822 and Title 18 NYCRR Section 505.27. The MMIS Provider Manual for Clinics also provides program guidance for claiming Medicaid reimbursement for chemical dependence services.

PURPOSE, SCOPE, AND METHODOLOGY

Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OASAS outpatient chemical dependence complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;

- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

Scope

Our audit period covered payments to the Provider for OASAS outpatient chemical dependence services paid by Medicaid from January 1, 2009, through June 30, 2011. Our audit universe consisted of 21,291 claims totaling \$1,366,588.28.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

Methodology

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the OASAS outpatient chemical dependence services program;
- ran computer programming application of claims in our data warehouse that identified 21,291 paid OASAS outpatient chemical dependence claims, totaling \$1,366,588.28;
- selected a random sample of 100 services from the population of 21,291 services; and,
- estimated the overpayment paid in the population of 21,291 services.

For each sample selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
 - Comprehensive Evaluations and Comprehensive Evaluation Updates
 - Treatment Plan and Treatment Plan Reviews
 - Progress Notes and Attendance Records
- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim

LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable Laws, Regulations, Rules and Policies of the Medicaid program referenced when conducting this audit:

- Departments of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)].
- Medicaid Management Information System and eMedNY Provider Manual.
- Specifically, Title 18 NYCRR Section 540.6, and 14 NYCRR Part 822.
- In addition to any specific detailed findings, rules and/or regulations which may be listed below, the following regulations pertain to all audits:

Regulations state: "By enrolling the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (h) that the information provided in relation to any claim for payment shall be true, accurate and complete; and (i) to comply with the rules, regulations and official directives of the department."
18 NYCRR Section 504.3

Regulations state: "Fee-for-service providers. (1) All providers ... must prepare and maintain contemporaneous records demonstrating their right to receive payment . . . All records necessary to disclose the nature and extent of services furnished and the medical necessity therefor ... must be kept by the provider for a period of six years from the date the care, services or supplies were furnished or billed, whichever is later. (2) All information regarding claims for payment submitted by or on behalf of the provider is subject to audit for a period of six years from the date the care, services or supplies were furnished or billed, whichever is later, and must be furnished, upon request, to the department ... for audit and review."
18 NYCRR Section 517.3(b)

Regulations require that bills for medical care, services and supplies contain patient name, case number and date of service; itemization of the volume and specific types of care, services and supplies provided; the unit price and total cost of the care, services and supplies provided; and a dated certification by the provider that the care, services and supplies itemized have been in fact furnished; that the amounts listed are in fact due and owing; that such records as are necessary to disclose fully the extent of care, services and supplies provided to individuals under the New York State Medicaid program will be kept for a period of not less than six years from the date of payment; and that the provider understands that payment and satisfaction of this claim will be from Federal, State and local public funds and that he or she may

be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided.

18 NYCRR Section 540.7(a)(1)-(3) and (8)

Regulations state: "An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake."

18 NYCRR Section 518.1(c)

Regulations state: "Vendor payments for medical care and other items of medical assistance shall not be made unless such care or other items of assistance have been furnished on the basis of the appropriate authorization prescribed by the rules of the board and regulations of the department."

18 NYCRR Section 540.1

Regulations state: "The department may require repayment from the person submitting an incorrect or improper claim, or the person causing such claim to be submitted, or the person receiving payment for the claim."

18 NYCRR Section 518.3(a)

Regulations state: "The department may require repayment for inappropriate, improper, unnecessary or excessive care, services or supplies from the person furnishing them, or the person under whose supervision they were furnished, or the person causing them to be furnished...."

18 NYCRR Section 518.3(b)

Regulations state: "Medical care, services or supplies ordered or prescribed will be considered excessive or not medically necessary unless the medical basis and specific need for them are fully and properly documented in the client's medical record."

18 NYCRR Section 518.3(b)

AUDIT FINDINGS

This audit report incorporates consideration of any additional documentation and information presented in response to the Draft Audit Report dated June 24, 2015. Since you did not respond to the Draft Audit Report, the findings remain the same.

AUDIT FINDINGS DETAIL

The OMIG's review of Medicaid claims paid to the Provider from January 1, 2009, through June 30, 2011, identified 24 claims with at least one error, for a total sample overpayment of \$1,547.76 (Attachment C).

1. Missing Discharge Summary

Regulations state, "A summary which includes the course and results of care and treatment, must be prepared and included in each patient's record within 45 days of discharge."
14 NYCRR Section 822.4(y)

In 13 of 100 services reviewed, a summary was not completed. This finding applies to Sample #'s 8, 18, 24, 26, 43, 44, 47, 54, 71, 74, 81, 90, and 96.

2. Missing Discharge Plan

Regulations state, "The discharge planning process shall begin upon admission, be closely coordinated with the treatment plan, and be included in the patient record."
14 NYCRR Section 822.4(u)

Regulations also state, "A discharge plan shall be developed in collaboration with the patient and any significant other(s) the patient chooses to involve."
14 NYCRR Section 822.4(v)

In 6 of 100 services reviewed, a discharge plan was not completed. This finding applies to Sample #'s 77, 79, 81, 82, 84, and 87.

3. Missing Patient Record

Regulations require that the Medicaid provider agrees, "to prepare and to maintain contemporaneous records demonstrating its right to receive payment under the medical assistance program and to keep for a period of six years . . . all records necessary to disclose the nature and extent of services furnished. . . ."
18 NYCRR Section 504.3(a)

Regulations also require that bills for medical care, services and supplies contain a certification that such records as are necessary to disclose fully the services provided to individuals under the New York State Medicaid program will be kept for a period of not less than six years. These records must be furnished to the Department upon request.
18 NYCRR Section 540.7(a)(8)

In 3 of 100 services reviewed, the patient record was not available for review. This finding applies to Sample #'s 7, 40, and 62.

4. No EOB for Third Party Health Insurance Covered Service

Regulations state, "The department ... will seek reimbursement for any payments for care and services it makes for which a third party is legally responsible."
18 NYCRR Section 360-7.2

Medicaid policy requires that providers must bill all applicable insurance sources before submitting claims to Medicaid. The Manual also requires that providers must maintain appropriate financial records supporting their receipt of funds and application of monies received. Such records must be readily accessible for audit purposes.

MMIS Provider Manual for Clinics, April 2004, Section 2.1.9

In 2 of 100 services reviewed, no Explanation of Medical Benefits (EOB) was found for a patient who received services covered by third party health insurance. This finding applies to Sample #'s 9 and 68.

5. Missing Physician Signature on Treatment Plan

Regulations state, "The treatment plan shall ... be reviewed, approved, signed and dated by the medical director or other physician employed by the service within seven days of review and approval by the multidisciplinary team."

14 NYCRR Section 822.4(l)(10)

In 1 of 100 services reviewed, the treatment plan lacked the required physician signature. This finding applies to Sample # 74.

6. Missing Comprehensive Evaluation Update

Regulations state, "Every fourth ... ninety calendar day [treatment plan] review shall include an update of the comprehensive evaluation."

14 NYCRR Section 822.4(n)

In 1 of 100 services reviewed, the comprehensive evaluation was not updated upon completion of the fourth ninety calendar day treatment plan review. This finding applies to Sample # 5.
