## **OFFICE OF THE MEDICAID INSPECTOR GENERAL**

[www.omig.ny.gov](http://www.omig.ny.gov)

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

### **DIVISION OF MEDICAID AUDIT**

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

### **DIVISION OF MEDICAID INVESTIGATIONS**

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

### **DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION**

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

### **OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL**

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

## EXECUTIVE SUMMARY

### BACKGROUND

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

Outpatient chemical dependence services are provided in either hospital-based or free-standing settings. Regardless of the setting in which they are provided, these services must be furnished in one of two distinct programs: an outpatient chemical dependence clinic program or an outpatient chemical dependence rehabilitation program. The purpose of outpatient programs for individuals with a diagnosis of chemical dependence is to provide medical evaluation, clinical care management, clinical services, and rehabilitation services. The specific standards and criteria for chemical dependence clinics are outlined in Title 14 NYCRR Part 822 and Title 18 NYCRR Section 505.27. The MMIS Provider Manual for Clinics also provides program guidance for claiming Medicaid reimbursement for chemical dependence services.

### PURPOSE AND SCOPE

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OASAS chemical dependence outpatient services complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to OASAS chemical dependence outpatient services, this audit covered services paid by Medicaid from January 1, 2009, through June 30, 2011.

### SUMMARY OF FINDINGS

We inspected a random sample of 100 services with \$6,350 in Medicaid payments. Of the 100 services in our random sample, 16 services had at least one error and did not comply with state requirements. Of the 16 noncompliant services, some contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
Missing Discharge Plan	5
Missing Discharge Summary	4
Missing Progress Note	3
No Service Provided	3
Missing Treatment Plan Review	3
Duration of Visit Not Documented	1
Missing Service Schedule	1
Missing/Late Individual Treatment Plan	1

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$1,031.84 in sample overpayments with an extrapolated adjusted point estimate of \$166,115. The adjusted lower confidence limit of the amount overpaid is \$65,565.

## INTRODUCTION

### BACKGROUND

#### Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

#### New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including OASAS chemical dependence outpatient services claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

#### New York State's OASAS Chemical Dependence Outpatient Services Program

Outpatient chemical dependence services are provided in either hospital-based or free-standing settings. Regardless of the setting in which they are provided, these services must be furnished in one of two distinct programs: an outpatient chemical dependence clinic program or an outpatient chemical dependence rehabilitation program. The purpose of outpatient programs for individuals with a diagnosis of chemical dependence is to provide medical evaluation, clinical care management, clinical services, and rehabilitation services. The specific standards and criteria for chemical dependence clinics are outlined in Title 14 NYCRR Part 822 and Title 18 NYCRR Section 505.27. The MMIS Provider Manual for Clinics also provides program guidance for claiming Medicaid reimbursement for chemical dependence.

### PURPOSE, SCOPE, AND METHODOLOGY

#### Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OASAS chemical dependence outpatient services complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;

- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

### **Scope**

Our audit period covered payments to the Provider for OASAS chemical dependence outpatient services paid by Medicaid from April 1, 2009, through June 30, 2011. Our audit universe consisted of 36,669 claims totaling \$2,338,564.78.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

### **Methodology**

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the OASAS chemical dependence outpatient program;
- ran computer programming application of claims in our data warehouse that identified 36,669 paid OASAS chemical dependence outpatient claims, totaling \$2,338,564.78.
- selected a random sample of 100 services from the population of 36,669 services; and,
- estimated the overpayment paid in the population of 36,669 services.

For each sample selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
  - Comprehensive Evaluations
  - Level of Care Determinations
  - Treatment Plans and Treatment Plan Reviews
  - Progress Notes
  - Group Sign-in Sheets
  - Discharge Plans and Summaries
- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim

## LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable Laws, Regulations, Rules and Policies of the Medicaid program referenced when conducting this audit:

be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided.

*18 NYCRR Section 540.7(a)(1)-(3) and (8)*

Regulations state: "An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake."

*18 NYCRR Section 518.1(c)*

Regulations state: "Vendor payments for medical care and other items of medical assistance shall not be made unless such care or other items of assistance have been furnished on the basis of the appropriate authorization prescribed by the rules of the board and regulations of the department."

*18 NYCRR Section 518.3(b)*

Regulations state: "Medical care, services or supplies ordered or prescribed will be considered excessive or not medically necessary unless the medical basis and specific need for them are fully and properly documented in the client's medical record."

*18 NYCRR Section 518.3(b)*
