OFFICE OF THE MEDICAID INSPECTOR GENERAL

www.omig.ny.gov

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

EXECUTIVE SUMMARY

BACKGROUND

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

Reimbursement under the Medicaid Program is available for OMH rehabilitative services provided by residential programs that are licensed in accordance with the provisions of Article 31 of the Mental Hygiene Law. Residential programs primarily have a rehabilitative focus and provide an array of rehabilitative and supportive services to individuals diagnosed with severe and persistent mental illness. The purpose of these programs is to provide varied services which support and assist individuals with their goal of integration into the community.

OMH rehabilitative services provided by residential programs are based upon a comprehensive client assessment and must have the written authorization of a physician. Providers must implement an individualized written service plan for each resident identifying the specific services to be offered. These services are intended to focus on improving or maintaining resident skills that enable a resident to remain living in community housing. The specific standards and criteria for OMH Rehabilitative services within residential programs are outlined in Title 14 NYCRR Parts 593 and 595. The Provider Manual pertaining to OMH Certified Rehabilitation Services also provides program guidance in claiming Medicaid reimbursement for OMH rehabilitative services.

PURPOSE AND SCOPE

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OMH rehabilitative services complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to OMH rehabilitative service claims, this audit covered services paid by Medicaid from January 1, 2008, through December 31, 2010.

SUMMARY OF FINDINGS

We inspected a random sample of 100 services with \$249,819.86 in Medicaid payments. Of the 100 services in our random sample, 2 services had at least one error and did not comply with state requirements. Of the 2 noncompliant services, none contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
Rehabilitative Service Provided Not included in Service Plan	1
Missing Renewal/Reauthorization of Authorization	1

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$3,946.62 in sample overpayments.

Please note that OMH will determine if the Provider is due a refund for previously paid exempt income corresponding to the audit period January 1, 2008, through December 31, 2010. If a refund is due, it will be paid to the Provider prior to the collection of the overpayment identified in this audit.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including OMH rehabilitative service claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

New York State's OMH Rehabilitative Services Program

Reimbursement under the Medicaid Program is available for OMH rehabilitative services provided by residential programs that are licensed in accordance with the provisions of Article 31 of the Mental Hygiene Law. Residential programs primarily have a rehabilitative focus and provide an array of rehabilitative and supportive services to individuals diagnosed with severe and persistent mental illness. The purpose of these programs is to provide varied services which support and assist individuals with their goal of integration into the community.

OMH rehabilitative services provided by residential programs are based upon a comprehensive client assessment and must have the written authorization of a physician. Providers must implement an individualized written service plan for each resident identifying the specific services to be offered. These services are intended to focus on improving or maintaining resident skills that enable a resident to remain living in community housing. The specific standards and criteria for OMH Rehabilitative services within residential programs are outlined in Title 14 NYCRR Parts 593 and 595. The Provider Manual pertaining to OMH Certified Rehabilitation Services also provides program guidance in claiming Medicaid reimbursement for OMH rehabilitative services.

PURPOSE, SCOPE, AND METHODOLOGY

Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OMH rehabilitative services complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;
- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

Scope

Our audit period covered payments to the Provider for OMH rehabilitative services paid by Medicaid from January 1, 2008, through December 31, 2010. Our audit universe consisted of 3,629 claims totaling \$9,185,109.43.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

Methodology

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the OMH rehabilitative services program;
- ran computer programming application of claims in our data warehouse that identified 3,629 paid OMH rehabilitative services claims, totaling \$9,185,109.43;
- selected a random sample of 100 services from the population of 3,629 services; and,
- estimated the overpayment paid in the population of 3,629 services.

For each sample selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
 - ISP's – Individual Service Plans
 - Day Habilitation Plans
 - ICF/MR Level of Care Eligibility Determination Forms
 - Day Habilitation of Daily Service Notes
- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim

LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable Laws, Regulations, Rules and Policies of the Medicaid program referenced when conducting this audit:

- Departments of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)].

be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided.

18 NYCRR Section 518.3(b)

Regulations state: "Medical care, services or supplies ordered or prescribed will be considered excessive or not medically necessary unless the medical basis and specific need for them are fully and properly documented in the client's medical record."

18 NYCRR Section 518.3(b)

AUDIT FINDINGS

This audit report incorporates consideration of any additional documentation and information presented in response to the Draft Audit Report dated December 2, 2015. The information provided resulted in no change to any of the disallowances. The findings in the Final Audit Report are identical to those in the Draft Audit Report.

AUDIT FINDINGS DETAIL

The OMIG's review of Medicaid claims paid to the Provider from January 1, 2008 through December 31, 2010, identified 2 claims with at least one error, for a total sample overpayment of \$3,946.62 (Attachment C).

1. Rehabilitative Service Provided Not Included in Service Plan

Regulations state, "For reimbursement purposes, a contact shall involve the performance of at least one of the services indicated in the resident's current service plan."

Regulations also state, "The individualized written service plan shall be a mutually agreed upon plan which, at a minimum, identifies the following :...(5) identification of the services to be provided;"

14 NYCRR Section 595.11(b)(5)

Medicaid policy states, "A written service plan for each client in any Licensed Residential/Housing Program is required. This plan should state the needs, goals and objectives, specific services needed, and identify the staff responsible for providing and overseeing services for the client."

Office of Mental Health Rehabilitation In Community Residences, Policy Guidelines, Version 2006-1, Section I

In 1 instance, the community rehabilitative services provided were not specified on the service plan. This finding applies to Sample #55.

- (2) every 12 months for individuals residing within an apartment program; and
- (3) upon transfer to a different category of adult program (i.e., congregate to apartment or apartment to congregate). The authorization renewal must, in the case of a transfer from congregate to apartment, occur upon the expiration date of the current authorization or in the case of a transfer from apartment to congregate, within six months of admission to the new program or the expiration of the current authorization, whichever comes first."

14 NYCRR Section 593.6(b)

In 1 instance, the record did not contain the required reauthorization signed by a physician or other medical staff as required at the time rehabilitative services were delivered. This finding applies to Sample #96.
