Re: Final Audit Report
Audit #: 16-2474
Provider ID #: [REDACTED]

Dear [REDACTED]

The New York State Office of the Medicaid Inspector General (OMIG) has reviewed Report 2013-S-59 from the Office of the State Comptroller (OSC), which examined Medicaid payments made to Genovese Drugs Stores Inc. #10643 for controlled substances from January 1, 2009, through December 31, 2013 (the "Review period"). In accordance with Section 517.5 of Title 18 of the Official Compilation of Codes, Rules, and Regulations of the State of New York (NYCRR), this notice shall serve as our final audit report of the recently completed review of payments made to Genovese Drugs Stores Inc. #10643 under the New York State Medicaid Program.

BACKGROUND, PURPOSE, AND SCOPE

The New York State Department of Health (DOH) is responsible for the administration of the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Education (Titles 8, 10, and 18 of the NYCRR) and the Medicaid Management Information System (MMIS) Provider Manuals.

OSC is responsible for overseeing the fiscal affairs of State agencies, public authorities and local government agencies, as well as their compliance with relevant statutes and their observance of good business practices. This fiscal oversight is accomplished, in part, through audits performed pursuant to authority under Article V, Section 1 of the State Constitution and Article II, Section 8 of the State Finance Law. OSC audits identify opportunities for improving operations, strategies for reducing costs, and strengthening controls.

The New York State Controlled Substances Act (Public Health Law, Article 33) limits the quantities of controlled substances that pharmacies can dispense when prescriptions are ordered by telephone or facsimile. These supply limits vary depending on the schedule of the controlled substance.

The purpose of this audit was to identify overpayments for controlled substance pharmacy claims that exceeded the dispensing limits allowed by the New York State Controlled Substances Act for telephone or facsimile prescriptions. The audit covers claims paid by Medicaid from January 1, 2009, through December 31, 2013 (the "Review period").

OMIG has determined that the Genovese Drugs Stores Inc. #10643's failure to comply with New York State Social Services Law and Titles 8, 10 and/or 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (NYCRR) resulted in a total overpayment of \$4,532.16.

REGULATIONS OF GENERAL APPLICATION

In addition to any specific detailed findings, rules and/or regulations which may be listed below, the following regulations pertain to all audits:

Regulations state: "By enrolling the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (h) that the information provided in relation to any claim for payment shall be true, accurate and complete; and (i) to comply with the rules, regulations and official directives of the department." *18 NYCRR Section 504.3*

(2) All information regarding claims for payment submitted by or on behalf of the provider is subject to audit for a period of six years from the date the care, services or supplies were furnished or billed, whichever is later, and must be furnished, upon request, to the department ... for audit and review." *18 NYCRR Section 517.3(b)*

Regulations require that bills for medical care, services and supplies contain patient name, case number and date of service; itemization of the volume and specific types of care, services and supplies provided; the unit price and total cost of the care, services and supplies provided; and a dated certification by the provider that the care, services and supplies itemized have been in fact furnished; that the amounts listed are in fact due and owing; that such records as are necessary to disclose fully the extent of care, services and supplies provided to individuals under the New York State Medicaid program will be kept for a period of not less than six years from the date of payment; and that the provider understands that payment and satisfaction of this claim will be from Federal, State and local public funds and that he or she may be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided.

18 NYCRR Section 540.7(a)(1)-(3) and (8)

Regulations state: "An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake." *18 NYCRR Section 518.1(c)*

Regulations state: "Vendor payments for medical care and other items of medical assistance shall not be made unless such care or other items of assistance have been furnished on the basis of the appropriate authorization prescribed by the rules of the board and regulations of the department." *18 NYCRR Section 540.1*
