OFFICE OF THE MEDICAID INSPECTOR GENERAL

www.omig.ny.gov

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

EXECUTIVE SUMMARY

BACKGROUND

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

Reimbursement under the Medicaid Program is available for personal care services in accordance with provisions of Article 36 of the Public Health Law. Personal care services must be provided by an agency that is licensed or certified to operate as a home care agency by the New York State DOH; and that has a contract with the local social services district in which the agency is licensed or certified to provide services.

Title 18 NYCRR Section 505.14, defines personal care services as some or total assistance with personal hygiene, dressing and feeding, nutritional and environmental support functions and health-related tasks. Such services must be essential to the maintenance of the recipient's health and safety within his or her own home, as determined by the social services district in accordance with the regulations of DOH; ordered by the attending physician; based on an assessment of the recipient's needs; provided by a qualified person in accordance with a plan of care; and supervised by a registered professional nurse. The specific standards and criteria for personal care services are outlined in Title 10 NYCRR Part 766 and Title 18 NYCRR Section 505.14. The MMIS Provider Manual for Personal Care Services also provides program guidance for claiming Medicaid reimbursement for personal care services.

PURPOSE AND SCOPE

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for personal care services complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to personal care services claims, this audit covered services paid by Medicaid from January 1, 2009, through July 31, 2011.

SUMMARY OF FINDINGS

We inspected a random sample of 100 services with \$4,254.46 in Medicaid payments. Of the 100 services in our random sample, 7 services had at least one error and did not comply with state requirements. Of the 7 noncompliant services, none contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
Missing Documentation of Nursing Supervision Visit	4
PCA Worker Not Present at Nursing Supervision Visit	2
Failure to Complete Annual in-Home Visit	1

Based on the procedures performed, the OMIG has determined that the Provider was overpaid \$262.60 in sample overpayments with an extrapolated adjusted point estimate of \$116,960. The adjusted lower confidence limit of the amount overpaid is \$39,799.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including personal care services claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

New York State's Personal Care Services Program

Reimbursement under the Medicaid Program is available for personal care services in accordance with provisions of Article 36 of the Public Health Law. Personal care services must be provided by an agency that is licensed or certified to operate as a home care agency by the New York State DOH; and that has a contract with the local social services district in which the agency is licensed or certified to provide services.

Title 18 NYCRR Section 505.14, defines personal care services as some or total assistance with personal hygiene, dressing and feeding, nutritional and environmental support functions and health-related tasks. Such services must be essential to the maintenance of the recipient's health and safety within his or her own home, as determined by the social services district in accordance with the regulations of DOH; ordered by the attending physician; based on an assessment of the recipient's needs; provided by a qualified person in accordance with a plan of care; and supervised by a registered professional nurse. The specific standards and criteria for personal care services are outlined in Title 10 NYCRR Part 766 and Title 18 NYCRR Section 505.14. The MMIS Provider Manual for Personal Care Services also provides program guidance for claiming Medicaid reimbursement for personal care services.

PURPOSE, SCOPE, AND METHODOLOGY

Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for personal care services complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;
- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

Scope

Our audit period covered payments to the Provider for personal care services paid by Medicaid from January 1, 2009, through July 31, 2011. Our audit universe consisted of 55,125 claims totaling \$2,276,938.36.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

Methodology

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the personal care services program;
- ran computer programming application of claims in our data warehouse that identified 55,125 paid personal care services claims, totaling \$2,276,938.36;
- selected a random sample of 100 services from the population of 55,125 services; and,
- estimated the overpayment paid in the population of 55,125 services.

For each sample selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
 - Recipient record
 - Credentialing and personnel records for those rendering services
 - Nursing supervision documentation
 - Payroll records
 - Patient account receivable transaction ledger, including billing and collection procedures
- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim

LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable Laws, Regulations, Rules and Policies of the Medicaid program referenced when conducting this audit:

- Departments of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)].
- Medicaid Management Information System and eMedNY Provider Manual.
- Specifically, Title 18 NYCRR Section 540.6, Title 18 NYCRR Section 505.14.
- In addition to any specific detailed findings, rules and/or regulations which may be listed below, the following regulations pertain to all audits:

Regulations state: "By enrolling the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (h) that the information provided in relation to any claim for payment shall be true, accurate and complete; and (i) to comply with the rules, regulations and official directives of the department."

(2) All information regarding claims for payment submitted by or on behalf of the provider is subject to audit for a period of six years from the date the care, services or supplies were furnished or billed, whichever is later, and must be furnished, upon request, to the department . . . for audit and review."
18 NYCRR Section 517.3(b)

Regulations require that bills for medical care, services and supplies contain patient name, case number and date of service; itemization of the volume and specific types of care, services and supplies provided; the unit price and total cost of the care, services and supplies provided; and a dated certification by the provider that the care, services and supplies itemized have been in fact furnished; that the amounts listed are in fact due and owing; that such records as are necessary to disclose fully the extent of care, services and supplies provided to individuals under the New York State Medicaid program will be kept for a period of not less than six years from the date of payment; and that the provider understands that payment and satisfaction of this claim will be from Federal, State and local public funds and that he or she may

be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided.

18 NYCRR Section 540.7(a)(1)-(3) and (8)

Regulations state: "An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake."

18 NYCRR Section 518.1(c)

Regulations state: "Vendor payments for medical care and other items of medical assistance shall not be made unless such care or other items of assistance have been furnished on the basis of the appropriate authorization prescribed by the rules of the board and regulations of the department."

18 NYCRR Section 518.3(a)

Regulations state: "The department may require repayment for inappropriate, improper, unnecessary or excessive care, services or supplies from the person furnishing them, or the person under whose supervision they were furnished, or the person causing them to be furnished...."

18 NYCRR Section 518.3(b)

Regulations state: "Medical care, services or supplies ordered or prescribed will be considered excessive or not medically necessary unless the medical basis and specific need for them are fully and properly documented in the client's medical record."

18 NYCRR Section 518.3(b)

AUDIT FINDINGS

This audit report incorporates consideration of any additional documentation and information presented in response to the Draft Audit Report dated April 13, 2016. The attached Bridge Schedule (Attachment D) indicates the changes to the findings as a result of your response.

AUDIT FINDINGS DETAIL

The OMIG's review of Medicaid claims paid to the Provider from January 1, 2009, through July 31, 2011, identified 7 claims with at least one error, for a total sample overpayment of \$262.60 (Attachment C). This audit report incorporates consideration of any additional documentation and information presented in response to the Draft Audit Report dated April 13, 2016. Appropriate adjustments were made to the findings.

1. Missing Documentation of Nursing Supervision Visit

Regulations state, "All persons providing personal care services are subject to administrative and nursing supervision."

18 NYCRR Section 505.14(f)(1)

Regulations also require, "The nurse who completes the nursing assessment . . . must recommend the frequency of nursing supervisory visits for a personal care services patient and must specify the recommended frequency in the patient's plan of care."

18 NYCRR Section 505.14(f)(3)(vi)

In addition, regulations require that "the nursing supervisor must make nursing supervisory visits at least every 90 days for a personal care services patient. . . ."

18 NYCRR Section 505.14(f)(3)(vi)(b)

Regulations further require that the nurse supervisor must prepare a written report of each supervisory visit on the prescribed form and a copy must be maintained in the patient's record.

18 NYCRR Section 505.14(f)(3)(vii)

In 4 instances pertaining to 4 patients, the required nursing supervision visit was not documented. This finding applies to Sample #'s 38, 46, 53, and 62.

2. PCA Worker Not Present at Nursing Supervision Visit

Regulations state, "Nursing supervision must assure that . . . the person providing such services is competently and safely performing the functions and tasks specified in the patient's plan of care."

18 NYCRR Section 505.14(f)(3)

Regulations state, "The nurse supervisor must perform the following functions during the supervisory visit . . . evaluate the skills and performance of the person providing personal care services, including the person's ability to work effectively with the patient and the patient's family; arrange for or provide on-the-job training. . . ."

18 NYCRR Section 505.14(f)(3)(iv)(b)(2)(ii)(iii)

Regulations state, "The supervisory visit must be made to the patient's home when the person providing personal care services is present. . . ."

18 NYCRR Section 505.14(f)(3)(iv)(b)(1)

The Medicaid Personal Care Services Manual states, "Nursing supervision must include: . . . evaluation of the ability of the person providing the services and arranging for or providing necessary instructions to meet the medically related needs of the patient in keeping with the goals established by the patient's plan of care."

*MMIS Provider Manual for Personal Care Services, Revised February 1992, Section 2
NYS Medicaid Program Personal Care Services Program Manual Policy Guidelines,

In 2 instances pertaining to 2 patients, the PCA worker was not present for the nursing supervision visit. This finding applies to Sample #'s 24 and 82.

3. **Failure to Complete Annual In-Home Visit**

Regulations require that "an annual assessment of the performance and effectiveness of all personnel is conducted including at least one in-home visit to observe performance. . . ." *10 NYCRR Section 766.11(k)*

In 1 instance services were billed for a personal care aide who did not have an annual in-home visit. This finding applies to Sample # 61.
