## **OFFICE OF THE MEDICAID INSPECTOR GENERAL**

[www.omig.ny.gov](http://www.omig.ny.gov)

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

### **DIVISION OF MEDICAID AUDIT**

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

### **DIVISION OF MEDICAID INVESTIGATIONS**

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

### **DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION**

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

### **OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL**

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

## **EXECUTIVE SUMMARY**

### **BACKGROUND**

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

People with developmental disabilities can enjoy meaningful relationships with family, friends and other people in their lives, experience personal health and growth, live in the home of their choice and fully participate in their communities. People with developmental disabilities may have difficulty learning as quickly as others, expressing themselves clearly, or taking care of their physical needs. But it is difficult to define the limits of people with developmental disabilities; what they need most, therefore, is not only encouragement and understanding – but an opportunity to become part of the community they live in. This is where the significance of the Home and Community Based Services (HCBS) waiver has its greatest impact. In providing residential habilitation services, the HCBS waiver helps people achieve a functional connection to supports and services in the person's residence.

Outpatient services provided to persons with developmental disabilities are offered at programs licensed by the Office for People With Developmental Disabilities (OPWDD). The purpose of these programs is to offer a comprehensive system of services, which has as its primary purpose the promotion and attainment of independence, inclusion, and productivity for persons with mental retardation and developmental disabilities. These services are furnished at clinic and day treatment facilities and through a home and community based Federal waiver program. The waiver program, established under the authority of section 1915 [c] of the Social Security Act, is intended for persons with mental retardation and developmental disabilities who would otherwise need the level of care provided in an intermediate care facility. The specific standards and criteria for OPWDD services are outlined in Title 14 NYCRR Parts 635, 671, 679, and 690.

### **PURPOSE AND SCOPE**

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OPWDD IRA residential habilitation services complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to OPWDD IRA residential habilitation services, this audit covered services paid by Medicaid from January 1, 2009, through December 31, 2011.

## SUMMARY OF FINDINGS

We inspected a random sample of 100 services with \$788,715.85 in Medicaid payments. Of the 100 services in our random sample, 1 service had one error and did not comply with state requirements. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$7,720.98 in sample overpayments.

## **INTRODUCTION**

### **BACKGROUND**

#### **Medicaid Program**

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

#### **New York State's Medicaid Program**

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including OPWDD IRA residential habilitation services claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

#### **New York State's OPWDD IRA Residential Habilitation Services Program**

People with developmental disabilities can enjoy meaningful relationships with family, friends and other people in their lives, experience personal health and growth, live in the home of their choice and fully participate in their communities. People with developmental disabilities may have difficulty learning as quickly as others, expressing themselves clearly, or taking care of their physical needs. But it is difficult to define the limits of people with developmental disabilities; what they need most, therefore, is not only encouragement and understanding – but an opportunity to become part of the community they live in. This is where the significance of the Home and Community Based Services (HCBS) waiver has its greatest impact. In providing residential habilitation services, the HCBS waiver helps people achieve a functional connection to supports and services in the person's residence.

Outpatient services provided to persons with developmental disabilities are offered at programs licensed by the Office for People With Developmental Disabilities (OPWDD). The purpose of these programs is to offer a comprehensive system of services, which has as its primary purpose the promotion and attainment of independence, inclusion, and productivity for persons with mental retardation and developmental disabilities. These services are furnished at clinic and day treatment facilities and through a home and community based Federal waiver program. The waiver program, established under the authority of section 1915 [c] of the Social Security Act, is intended for persons with mental retardation and developmental disabilities who would otherwise need the level of care provided in an intermediate care facility. The specific standards and criteria for OPWDD services are outlined in Title 14 NYCRR Parts 635, 671, 679, and 690.

## **PURPOSE, SCOPE, AND METHODOLOGY**

### **Purpose**

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OPWDD IRA residential habilitation services complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;
- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

### **Scope**

Our audit period covered payments to the Provider for OPWDD IRA residential habilitation services paid by Medicaid from January 1, 2009, through December 31, 2011. Our audit universe consisted of 3,295 claims totaling \$26,027,398.58.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

### **Methodology**

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the OPWDD IRA residential habilitation services program;
- ran computer programming application of claims in our data warehouse that identified 3,295 paid OPWDD IRA residential habilitation services claims, totaling \$26,027,398.58;
- selected a random sample of 100 services from the population of 3,295 services; and,
- estimated the overpayment paid in the population of 3,295 services.

For each sample selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
  - Diagnosis of Developmental Disability,
  - Individualized Service Plans,
  - Residential Habilitation Plans,
  - Residential Habilitation Service Notes, and
  - Staff Payroll Documentation

- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim
