Final Audit Report

Audit #11-3408
Provider ID [REDACTED]

Dear [REDACTED]

This letter will serve as our final audit report of the recently completed review of payments made to Pharmacia Lacross, Inc. under the New York State Medicaid Program. Since you did not respond to our draft audit report dated August 21, 2014, the findings in the final audit report are identical to those in the draft audit report.

The New York State Department of Health is responsible for the administration of the Medicaid program. As part of this responsibility, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Education [Titles 8, 10, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (8 NYCRR, 10 NYCRR, 18 NYCRR)] and the Medicaid Management Information System (MMIS) Provider Manuals.

Pharmacy is a professional practice, which includes a number of activities that are necessary for the provision of drugs for patients as ordered by persons authorized under State law to prescribe drugs. Pharmacies, which are licensed and currently registered by the New York State Board of Pharmacy, Department of Education, may dispense drugs and other medical/surgical supplies. The pharmacy must comply with all applicable provisions of State Law including Article 137 of the Education Law, Articles 1 and 33 of the Public Health Law, and the Pharmacy Guide to Practice (Pharmacy Handbook) issued by the Department of Education. The specific standards and criteria for pharmacies are outlined in Title 10 NYCRR Parts 80 and 85.20-22 and Title 18 NYCRR Section 505.3. The MMIS Provider Manual for Pharmacy also provides program guidance for claiming Medicaid reimbursement for pharmacy services.

A review of payments to Pharmacia Lacross, Inc. for pharmacy services paid by Medicaid for New York City recipients from January 1, 2008, through December 31, 2010, was recently completed. During the audit period, \$4,396,933.09 was paid for 50,477 services rendered. This review consisted of a random sample of 200 services with Medicaid payments of \$12,419.56. The purpose of this audit was to verify that: prescriptions were properly ordered by a qualified practitioner; the pharmacy had sufficient documentation to substantiate billed services; appropriate formulary codes were billed; patient related records contained the documentation required by the regulations; and claims for payment were submitted in accordance with New York State laws, Department regulations and the Provider Manuals for Pharmacy.

Pharmacia Lacross, Inc.'s failure to comply with Titles 8, 10 and/or 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (NYCRR), the MMIS Provider Manual for Pharmacy, and the Pharmacy Guide to Practice resulted in a total sample overpayment of \$1,918.84.

The statistical sampling methodology employed allows for extrapolation of the sample findings to the universe of services (18 NYCRR Section 519.18). The adjusted mean per unit point estimate of the amount overpaid is \$48,154. The adjusted lower confidence limit of the amount overpaid is \$14,139. We are 95% certain that the actual amount of the overpayment is greater than the adjusted lower confidence limit (Exhibit I). This audit may be settled through repayment of the adjusted lower confidence limit amount of \$14,139.

The following detailed findings reflect the results of our audit. This audit report incorporates consideration of any additional documentation and information presented in response to the draft audit report dated August 21, 2014. Since you did not respond to the draft audit report, the findings remain the same.

(e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . 1. Ordering Prescriber Conflicts with Claim Prescriber

Regulations state: "By enrolling the provider agrees...to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission" and "that the information provided in relation to any claim for payment shall be true, accurate and complete."

Regulations state: "The identity of the practitioner who ordered the . . . medical/surgical supply, . . . must be recorded by the provider on the claim for payment by entering in the license or MMIS provider identification number of the practitioner where indicated."

18 NYCRR Section 505.5(c)(1)

Medicaid policy requires the billing provider to enter the Medicaid ID Number of the ordering/prescribing provider or, if the ordering prescriber is not enrolled in the Medicaid Program, to enter his/her license number. The supervising MD's MMIS or license number should be entered for an unlicensed intern or resident for a prescription from a facility, and the facility's Medicaid ID number may be entered **only** when the prescriber's or supervising physician's Medicaid ID or License number is unavailable. When prescriptions have been

written by a Physician's Assistant, the supervising physician's Medicaid ID number or license number should be entered. [There is no provision here for entering facility MMIS ID number in absence of the supervising MD number for a prescription written by a Physician's Assistant.] If the prescribing provider is a Nurse Practitioner certified to write prescriptions, enter his/her Medicaid ID number or license number in this field. **Note: If the Medicaid ID or State License number of an authorized prescriber is not on the prescription, it is the pharmacist's responsibility to obtain it.**

In addition, if a license number is indicated, the Profession Code that identifies the ordering/prescribing provider's profession must be entered. Directions are given to obtain profession codes.

Medicaid policy requires the billing provider to enter the Medicaid ID Number or the NPI of the ordering/prescribing provider. If the NPI is not known and the orderer/prescriber is not enrolled in the Medicaid program, enter his/her License number. If a license number is indicated, the Profession Code that identifies the ordering/prescribing provider's profession must be entered. For orders originating in a hospital, clinic, or other health care facility, the following rules apply: When a prescription is written by an unlicensed intern or resident, the supervising physician's Medicaid ID number, NPI or license number should be entered in this field. When prescriptions have been written by a Physician's Assistant, the supervising physician's Medicaid ID number, NPI or license number should be entered in this field. Certified Nurse Practitioners with licenses that contain six digits not preceded by the letter F can only write fiscal orders. If the prescribing provider is a Nurse Practitioner certified to write prescriptions, enter his/her Medicaid ID number, NPI or license number in this field. **Note: If the Medicaid ID, NPI or State License number of an authorized prescriber is not on the prescription, it is the pharmacist's responsibility to obtain it.**
