(Provider) paid claims for OPWDD prevocational services covering the period January 1, 2008, through June 30, 2012. Since you did not respond to our draft audit report dated July 17, 2015, the findings in the final audit report are identical to those in the draft audit report.

In the attached final audit report, the OMIG has detailed our scope, procedures, laws, regulations, rules and policies, sampling technique, findings, provider rights, and statistical analysis.

The OMIG has attached the sample detail for the paid claims determined to be in error. The mean point estimate overpaid is \$56,800. The lower confidence limit of the amount overpaid is \$21,608. OFFICE OF THE MEDICAID INSPECTOR GENERAL

www.omig.ny.gov

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

EXECUTIVE SUMMARY

BACKGROUND

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

People with developmental disabilities can enjoy meaningful relationships with family, friends and other people in their lives, experience personal health and growth, live in the home of their choice and fully participate in their communities. People with developmental disabilities may have difficulty learning as quickly as others, expressing themselves clearly, or taking care of their physical needs. But it is difficult to define the limits of people with developmental disabilities; what they need most, therefore, is not only encouragement and understanding – but an opportunity to become part of the community they live in. This is where the significance of the Home and Community Based Services (HCBS) waiver has its greatest impact. For example, in providing residential habilitation services, the HCBS waiver helps people achieve a functional connection to supports and services in the person's residence.

Outpatient services provided to persons with developmental disabilities are offered at programs licensed by the Office for People With Developmental Disabilities (OPWDD). The purpose of these programs is to offer a comprehensive system of services, which has as its primary purpose the promotion and attainment of independence, inclusion, and productivity for persons with mental retardation and developmental disabilities. These services are furnished at clinic and day treatment facilities and through a home and community based Federal waiver program. The waiver program, established under the authority of section 1915 [c] of the Social Security Act, is intended for persons with mental retardation and developmental disabilities who would otherwise need the level of care provided in an intermediate care facility. The specific standards and criteria for OPWDD services are outlined in Title 14 NYCRR Parts 635, 671, 679, and 690.

PURPOSE AND SCOPE

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OPWDD prevocational services complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to OPWDD prevocational service claims, this audit covered services paid by Medicaid from January 1, 2008, through June 30, 2012.

SUMMARY OF FINDINGS

We inspected a random sample of 100 services with \$5,634.57 in Medicaid payments. Of the 100 services in our random sample, 7 services had at least one error and did not comply with state requirements. Of the 7 noncompliant services, none contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
Unauthorized Prevocational Service Provider	5
Staff Member Delivering the Prevocational Service Absent on Date of Service	1
Failure to Meet Minimum Number of Face-to-Face Prevocational Services - Full Unit	1

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$410.05 in sample overpayments with an extrapolated point estimate of \$56,800. The lower confidence limit of the amount overpaid is \$21,608.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including OPWDD prevocational services claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

New York State's OPWDD Prevocational Services Program

Outpatient services provided to persons with developmental disabilities are offered at programs licensed by the Office for People With Developmental Disabilities (OPWDD). The purpose of these programs is to offer a comprehensive system of services, which has as its primary purpose the promotion and attainment of independence, inclusion, and productivity for persons with mental retardation and developmental disabilities. These services are furnished at clinic and day treatment facilities and through a home and community based Federal waiver program. The waiver program, established under the authority of section 1915 [c] of the Social Security Act, is intended for persons with mental retardation and developmental disabilities who would otherwise need the level of care provided in an intermediate care facility. The specific standards and criteria for OPWDD services are outlined in Title 14 NYCRR Parts 635, 671, 679, and 690.

PURPOSE, SCOPE, AND METHODOLOGY

Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for OPWDD prevocational services complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;

- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

Scope

Our audit period covered payments to the Provider for OPWDD prevocational services paid by Medicaid from January 1, 2008, through June 30, 2012. Our audit universe consisted of 13,852 claims totaling \$778,147.49.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

Methodology

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the OPWDD prevocational services program;
- ran computer programming application of claims in our data warehouse that identified 13,852 paid OPWDD prevocational services claims, totaling \$778,147.49;
- selected a random sample of 100 services from the population of 13,852 services; and,
- estimated the overpayment paid in the population of 13,852 services.

For each sample selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
 - List of all other affiliates and related parties
 - Operating certificate – during audit period and current
 - Training policy for prevocational staff
 - Supervision policy for prevocational staff
 - Notification of any self-disclosures
 - Notification of any audits of subject area by other federal/state agencies
 - List of staff members involved in recipient care, including license numbers or other credentials, signatures and initials
- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim

LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable Laws, Regulations, Rules and Policies of the Medicaid program referenced when conducting this audit:

- Departments of Health, Mental Hygiene, and Social Services [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)].
- Medicaid Management Information System and eMedNY Provider Manual.
- Specifically, Title 18 NYCRR Section 540.6, Title 14 NYCRR Part 635, and OPWDD Administrative Memoranda # 2003-03, #2006-03, and # 2012-01.

3. Failure to Meet Minimum Number of Face-to-Face Prevocational Services – Full Unit

Regulations state, "... Prevocational services shall be billed on a full and half unit basis. (a) The agency may bill a full unit of service when the agency delivers and documents at least two face-to-face services ... and provides program duration of at least four hours... ."

14 NYCRR Section 635-10.5(e)(8)(i)(a)

OPWDD Administrative Memorandum #2006-03 states, "A Full Unit may be billed when staff deliver and document at least two individualized face-to-face Prevocational Services to a consumer during the program day, and the program day duration is four to six hours in duration."
