Office of the Medicaid Inspector General
Background, Objective, and Audit Scope

Background

The New York State Department of Health (DOH) is the single state agency responsible for the administration of the Medicaid program. As part of its responsibility as an independent entity within DOH, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment, and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules, and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of DOH (Titles 10 and 18 of the New York Codes Rules and Regulations), DOH’s Medicaid Provider Manuals and Medicaid Update publications.

Objective

The objective of this audit was to determine whether Fort Tryon Center for Rehabilitation and Nursing (Provider) Medicaid rates for services complied with applicable Federal and State laws, regulations, rules, and policies governing the New York State Medicaid program and to verify that:

- the data reported by the Provider and used in the establishment of the Medicaid rates was accurate and proper;
- the underlying costs used in the rate calculation were necessary, proper, and related to patient care given by the Provider;
- the Provider and/or patient related records contained the documentation required by the regulations; and,
- the expenses and associated rates of payment were submitted in accordance with DOH regulations and the appropriate Provider and Reporting Manuals.

Audit Scope

An audit of Medicaid rates paid to the Provider from January 1, 2013 through December 31, 2016 was completed.

The audit consisted of a review of the Provider’s records that support the capital portion of its Report of Residential Health Care Facility (RHCF-4) cost reports for the calendar years January 1, 2011 through December 31, 2014. These reports are the basis for the capital portion of the Provider’s January 1, 2013 through December 31, 2016 Medicaid rates. Other capital costs and per diem adjustments in these rates, which were based upon subsequent RHCF-4 reports or other sources of information, were also subject to audit.
OMIG issued a Draft Audit Report to the Provider on August 5, 2019 that identified a $190,244 Medicaid overpayment. The Provider did not respond to the Draft Audit Report. Based on a review of additional documentation received from the Provider prior to the Exit Conference, the overpayment identified in the Draft Audit Report was reduced by $35,043, from $190,244 to $155,201. OMIG's findings appear in Attachments A through C. The attachments present the Medicaid impact, promulgated Medicaid rates subject to audit, compilation of audit findings including a description of each, as well as supporting regulations. Based on the attached audited rates calculated by the Bureau of Long-Term Care Reimbursement, the Medicaid overpayment currently due is $155,201. This overpayment is subject to the Department of Health (DOH) and Division of Budget (DOB) final approval. While not anticipated, any difference between the calculated overpayment and the final DOH and DOB approved amount will be resolved with the Provider by OMIG Bureau of Collections Management.
