Background, Objective, and Audit Scope

Background

The New York State Department of Health (DOH) is the single state agency responsible for the administration of the Medicaid program. As part of its responsibility as an independent entity within DOH, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of DOH (Titles 10 and 18 of the New York Codes Rules and Regulations), the regulations of the Department of Mental Hygiene (Title 14 of the New York Codes Rules and Regulations), the regulations of the Education Department (Title 8 of the New York Codes Rules and Regulations), DOH's Medicaid Provider Manuals and *Medicaid Update* publications.

Medicaid EHR Incentive payments were authorized by the American Recovery and Reinvestment Act of 2009 (Public Law 111-5), and implemented by Federal regulation principally at 42 CFR Part 495. Through the NYS Medicaid EHR Incentive Program, eligible hospitals (EH) and eligible professionals (EP) in New York who adopt, implement, or upgrade certified EHR technology, and subsequently become meaningful users of the EHR technology, may qualify for financial incentives.

Objective

The objective of this audit was to assess the Provider's adherence to the applicable Federal and State laws, regulations, rules, and policies governing the New York State Medicaid EHR Incentive Program, including verification of eligibility for the EHR Incentive Program and the meaningful use (MU) of a certified EHR system.

Audit Scope

This audit examined the supporting documentation for the Provider's submitted attestation, signed August 5, 2014, regarding payment for the meaningful use (MU) of a certified EHR system during the calendar year ending December 31, 2014.

Regulations of General Application

The following are applicable Laws, Regulations, Rules and Policies of the Medicaid program referenced when conducting this audit:

- Departments of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)].
- Medicaid Management Information System and eMedNY Provider Manual.
- Specifically, 42 CFR § 495-Standards for The Electronic Health Record Technology Incentive Program.
- In addition to any specific detailed findings, rules and/or regulations which may be listed below, the following regulations pertain to all audits:

"By enrolling the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (2) All information regarding claims for payment submitted by or on behalf of the provider is subject to audit for a period of six years from the date the care, services or supplies were furnished or billed, whichever is later, and must be furnished, upon request, to the department . . . for audit and review."

18 NYCRR Section 517.3(b)

a period of not less than six years from the date of payment; and that the provider understands that payment and satisfaction of this claim will be from Federal, State and local public funds and that he or she may be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided.

18 NYCRR Section 540.7(a)(1)-(3) and (8)

"The inspector shall have the following functions, duties and responsibilities:...(9) to require and compel the production of such books, papers, records and documents as he or she may deem to be relevant or material to an investigation, examination or review undertaken pursuant to this section..."

Public Health Law §32(9)

During enrollment in the NYS EHR Incentive Program each provider attested to the following:
"I hereby agree to keep such records as are necessary to demonstrate that I met all Medicaid EHR Incentive Program requirements...failure to furnish subsequently requested information or documents will result in the issuance of an overpayment demand letter followed by recoupment procedures."

NYS EHR Incentive Program Attestation

Audit Findings

After reviewing your response to the OMIG's October 8, 2020 Draft Audit Report, the overpayment in the Final Audit Report remains unchanged to the overpayment identified in the Draft Audit Report.

The OMIG's review of your payment for the Medicaid EHR Incentive Program identified at least one error, for a total overpayment of \$8,500. In addition, OMIG has determined that Today'S Dental NY PC received the incentive payment on behalf of the Provider, and in accordance with 18 NYCRR 518.3, repayment of the overpayment is being required from the Today'S Dental NY PC. The errors identified in the audit are described in the Detailed Findings below.

1. Failure to Support Medicaid Patient Volume

"Additional requirements for the Medicaid EP. To qualify for an EHR incentive payment, a Medicaid EP must, for each year for which the EP seeks an EHR incentive payment, ... meet one of the following criteria: (1) Have a minimum 30 percent patient volume attributable to individuals enrolled in a Medicaid program. (2) Have a minimum 20 percent patient volume attributable to individuals enrolled in a Medicaid program, and be a pediatrician."

42 CFR § 495.304(c)(1) and (2)

"Methodology, patient encounter — (1) EPs. To calculate Medicaid patient volume, an EP must divide: (i) The total Medicaid patient encounters in any representative, continuous 90-day period in the calendar year preceding the EP's payment year, or in the 12 months before the EP's attestation; by (ii) The total patient encounters in the same 90-day period."

42 CFR § 495.306(c)(1)

"For purposes of this section, the following rules apply: (1) A Medicaid encounter means services rendered to an individual on any one day where: (i) Medicaid (or a Medicaid demonstration project approved under section 1115 of the Act) paid for part or all of the service. (ii) Medicaid (or a Medicaid demonstration project approved under section 1115 of the Act) paid all or part of the individual's premiums, co-payments, and cost-sharing. (iii) The individual was enrolled in a Medicaid program (or a Medicaid demonstration project approved under section 1115 of the Act) at the time the billable service was provided."

42 CFR § 495.306(e)(1)

For the 2014 payment year, the Provider failed to produce documentation upon audit demonstrating that the Provider met the minimum Medicaid patient volume threshold during a continuous 90-day period in the calendar year preceding the payment year, or in the 12 months before the Provider's attestation as required by federal regulations and, therefore, was not eligible to receive an incentive payment for that year.

2. Failure to Submit Documentation to Support Eligibility

"By enrolling the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law

when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (h) that the information provided in relation to any claim for payment shall be true, accurate and complete; and (i) to comply with the rules, regulations and official directives of the department." *18 NYCRR Section 504.3*

Furthermore, according to regulations, all providers must prepare and maintain contemporaneous records demonstrating their right to receive payment under the medical assistance program. In addition, the provider must keep, for a period of six years, all records necessary to disclose the nature and extent of services furnished and the medical necessity therefore, including any prescription or fiscal order for the service or supply. This information is subject to audit for a period of six years and must be furnished, upon request.

18 NYCRR Section 517.3(b)

"The inspector shall have the following functions, duties and responsibilities:...(9) to require and compel the production of such books, papers, records and documents as he or she may deem to be relevant or material to an investigation, examination or review undertaken pursuant to this section..." *Public Health Law §32(9)*

During enrollment in the NYS EHR Incentive Program each provider attested to the following: "I hereby agree to keep such records as are necessary to demonstrate that I met all Medicaid EHR Incentive Program requirements...failure to furnish subsequently requested information or documents will result in the issuance of an overpayment demand letter followed by recoupment procedures." *NYS EHR Incentive Program Attestation*

3. Failure to be a Meaningful User

"To be considered a meaningful EHR user, at least 50 percent of an EP's patient encounters during an EHR reporting period for a payment year ... must occur at a practice/location or practices/locations equipped with certified EHR technology." *42 CFR § 495.4*

"*Subsequent payment years.* (1) In the second, third, fourth, fifth, and sixth payment years, to receive an incentive payment, the Medicaid EP or eligible hospital must demonstrate that during the EHR reporting period for the applicable payment year, it is a meaningful EHR user, as defined in § 495.4." *42 CFR § 495.314(b)*

The Provider failed to produce documentation upon audit to demonstrate that at least 50 percent of his/her patient encounters during the EHR reporting period occurred at a practice/location or practices/locations equipped with certified EHR technology as required by federal regulations and, therefore, was not eligible to receive an incentive payment for the 2014 payment year.

4. Failure to Support Meaningful Use Core Measures/Exclusions

"*Subsequent payment years* (1) In the second, third, fourth, fifth, and sixth payment years, to receive an incentive payment, the Medicaid EP or eligible hospital must demonstrate that during the EHR reporting period for the applicable payment year, it is a meaningful EHR user, as defined in § 495.4." *42 CFR § 495.314(b)*

"Stage 1 criteria for EPs— (1) General rule regarding Stage 1 criteria for meaningful use for EPs. Except as specified in paragraphs (a)(2) and (a)(3) of this section, EPs must meet all objectives and associated measures of the Stage 1 criteria specified in paragraph (d) of this section ... to meet the definition of a meaningful EHR user." 42 CFR §495.6(a)

The Provider failed to produce documentation upon audit to support that the following Stage 1 core measures/exclusions were met during the EHR reporting period as required by federal regulations and, therefore, the Provider was not eligible to receive an incentive payment for the 2014 payment year:
