Background, Objective, and Audit Scope

Background

The New York State Department of Health (DOH) is the single state agency responsible for the administration of the Medicaid program. As part of its responsibility as an independent entity within DOH, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of DOH (Titles 10 and 18 of the New York Codes Rules and Regulations), the regulations of the Office of Mental Hygiene (Title 14 of the New York Codes Rules and Regulations), the regulations of the Education Department (Title 8 of the New York Codes Rules and Regulations), DOH's Medicaid Provider Manuals and *Medicaid Update* publications.

Pharmacy is a professional practice, which includes a number of activities that are necessary for the provision of drugs for patients as ordered by persons authorized under State law to prescribe drugs. Pharmacies are licensed and currently registered by the New York State Board of Pharmacy, Department of Education. The pharmacy must comply with all applicable provisions of State Law including Article 137 of the Education Law, Articles 1 and 33 of the Public Health Law, and the *Pharmacy Guide to Practice* (Pharmacy Handbook) issued by the Department of Education. The specific standards and criteria for pharmacies are outlined in Title 10 NYCRR Part 80 and Sections 85.20-22 and Title 18 NYCRR Section 505.3. The *NYS Medicaid Program Pharmacy Manual Policy Guidelines* and *NYS eMedNY Billing Guidelines Pharmacy* also provide program guidance for claiming Medicaid reimbursement for pharmacy services.

OMIG performed an audit of pharmacy services for controlled substance prescriptions filled beyond 30 days after prescriber initiation.

Objective

The objective of this audit was to assess the Provider's adherence to applicable laws, regulations, rules and policies governing the New York State Medicaid program and to:

- recover paid claims that the original controlled substance prescription order was filled more than 30 days after it was initiated by the prescriber

Audit Scope

The audit identified instances where pharmacy services claims were billed that did not meet required standards and regulatory limits for claims paid to the Provider by Medicaid for payment dates included in the period beginning January 1, 2016 and ending December 31, 2020.

Regulations of General Application

Each audit finding is supported by relevant regulations, policy statements and manuals. In addition, the audit findings in this audit are supported by regulations of general application to the Medicaid program. These regulations are provided below.

Audit Findings

OMIG issued a Draft Audit Report to the Provider on August 31, 2021 that identified \$7,597.60 in Medicaid overpayments. The Provider's October 6, 2021 response (Exhibit B) to the Draft Audit Report dated August 31, 2021 stated that the Provider is in agreement with the Draft Audit Report findings. As a result, the total overpayment of \$8,883.64 remains unchanged from the overpayment cited in the Draft Audit Report.

OMIG identified the following findings:

Original Prescription for a Controlled Substance Filled Beyond Allowed Timeframe

Pharmacists; dispensing schedule II substances and certain other controlled substances . . .
“(a) A licensed, registered pharmacist, or a pharmacy intern acting in conformity with the provisions of section 6806 of the Education Law and regulations thereunder in a registered pharmacy, may, in good faith and in the course of his/her professional practice, sell and dispense to an ultimate user schedule II controlled substances or those schedule III or schedule IV controlled substances listed in section 80.67(a) of this Part, provided they are dispensed pursuant to an official New York State prescription, an out-of-state prescription or an electronic prescription delivered within 30 days of the date such prescription was signed by the authorized practitioner or an oral prescription where permitted.” *10 NYCRR Section 80.73(a)*

Pharmacists; dispensing schedule III, IV and V controlled substances . . . “(a) Except as provided in sections 80.67 and 80.73 of this Part, a licensed, registered pharmacist, or a pharmacy intern acting in conformity with the provisions of section 6808 of the Education Law and regulations thereunder, in a registered pharmacy may, in good faith and in the course of his professional practice, dispense to an ultimate user, controlled substances in schedule III, IV or V provided they are dispensed pursuant to a prescription presented within 30 days of the date such prescription was signed by an authorized practitioner.” *10 NYCRR Section 80.74(a)*

“For controlled substances, a pharmacist may not fill an original prescription more than thirty (30) days after it has been initiated by the prescriber.”

*NYS Medicaid Program Pharmacy Manual Policy Guidelines
Versions 2013-1 through 2019-1, Section I*

“Enter the original date on which the prescription/order was written as it appears on the prescription/order note signed by the prescribing/ordering provider. . . .”

NYS eMedNY Billing Guidelines, Pharmacy, Version 2013-01 through 2020-09, Section 2.4.1

Exhibit A is a list of claims that were improperly billed to Medicaid, because the controlled substance prescription was filled more than 30 days after it was initiated by the prescriber. These resulted in overpayments in the amount of \$7,597.60.

In accordance with 18 NYCRR Section 518.4, interest may be collected on any overpayments identified in this audit and will accrue at the current rate from the date of the overpayment. Interest on the overpayments identified in this Final Audit Report was calculated from the date of each overpayment through the date of the Draft Audit Report, using the Federal Reserve Prime Rate. For the overpayments identified in this audit, OMIG has determined that accrued interest of \$1,286.04 (Exhibit A) is now owed.

Based on this determination, the total amount due to DOH, as defined in 18 NYCRR Section 518.1, is \$8,883.64 (Exhibit A), including interest to date.

Do not submit claim voids or adjustments in response to this Final Audit Report. Repayment instructions are outlined on the next page.
