Exhibit A - Improperly Billed Claims with Dates of Service after a Medicaid Recipient's Date of Death Paid from January 1, 2017 to December 31, 2019	

Background, Objective, and Audit Scope

Background

The New York State Department of Health (DOH) is the single state agency responsible for the administration of the Medicaid program. As part of its responsibility as an independent entity within DOH, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment, and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules, and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of DOH (Titles 10 and 18 of the New York Codes Rules and Regulations), the regulations of the Office of Mental Hygiene (Title 14 of the New York Codes Rules and Regulations), DOH's Medicaid Provider Manuals and *Medicaid Update* publications.

The OMIG performed an audit of Medicaid claims with dates of service after a Medicaid recipient's date of death. This review matched the recipient's Medicaid payment history against Medicaid death records and New York State Vital Statistics death records.

To accomplish this review, Medicaid claims with dates of service after a recipient's date of death with payment dates from January 1, 2017 through December 31, 2019 were reviewed.

Objective

The objective of this audit was to assess the Provider's adherence to applicable laws, regulations, rules, and policies governing the New York State Medicaid program and to:

- determine if the Provider improperly billed for services after a Medicaid recipient's date of death.

Audit Scope

An audit of Medicaid claims paid with dates of service after a Medicaid recipient's date of death with payment dates in the period beginning January 1, 2017 through December 31, 2019 was completed.

Please note that due to the implementation of the National Provider Identifier (NPI) on September 1, 2008, there may be multiple Provider Identification Numbers associated with the Primary Provider Identification Number. The NPI is linked to the Primary Provider Identification Number. The Primary Provider Identification Number is used for correspondence and recoupment.

Audit Findings

OMIG issued a Draft Audit Report to the Provider on July 7, 2022 that identified \$1,940.29 in Medicaid overpayments. The Provider did not respond to the Draft Audit Report. As a result, the overpayments identified in this Final Audit Report remain unchanged from those cited in the Draft Audit Report.

The following audit criteria resulted in an audit finding and overpayment determination, as outlined below and in the enclosed exhibit:

1. Improperly Billed Claims with Dates of Service after a Medicaid Recipient's Date of Death

Documentation of the need for each refill shall be maintained in the patient record. The documentation must include the date and time of recipient contact, the Medicaid recipient's or designated caregiver's name with response, and the name of the pharmacy staff member who contacted the recipient or caregiver (if by phone), or electronic method. The documentation must be available for audit purposes. Compliance with HIPAA privacy guidelines is mandatory.

DOH Medicaid Update, March 2018, Vol. 34, No. 3

Reminder: Pharmacy Delivery Policy

Prior to processing a drug claim, the pharmacy must confirm the drug is needed and that the drug had not been discontinued, changed, or is no longer necessary (e.g., the recipient had changed pharmacy provider); the confirmation must be maintained in the recipient's patient record. **Automatic refills are not permitted.**

DOH Medicaid Update, July 2019, Vol. 35, No. 8

Exhibit A is a list of Medicaid claims with dates of service after a Medicaid recipient's date of death. As a result, OMIG has determined that **\$1,676.60** was inappropriately billed to Medicaid, resulting in Medicaid overpayments.

In accordance with 18 NYCRR Section 518.4, interest may be collected on any overpayments identified in this audit and will accrue at the current rate from the date of the overpayment. Interest on the overpayments identified in this Final Audit Report was calculated from the date of each overpayment through the date of the Draft Audit Report, using the Federal Reserve Prime Rate. For the overpayments identified in this audit, OMIG has determined that accrued interest of **\$263.69** (Exhibit A) is now owed.

Based on this determination, the total amount due to DOH, as defined in 18 NYCRR Section 518.1, is **\$1,940.29** (Exhibit A), including interest to date.

Do not submit claim voids or adjustments in response to this Final Audit Report. Repayment instructions are outlined on the next page.
