Background, Objective, and Audit Scope

Background

The New York State Department of Health (DOH) is the single state agency responsible for the administration of the Medicaid program. As part of its responsibility as an independent entity within DOH, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment, and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules, and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of DOH (Titles 10 and 18 of the New York Codes, Rules and Regulations), the regulations of the Department of Mental Hygiene (Title 14 of the New York Codes, Rules and Regulations), DOH's Medicaid Provider Manuals, *Medicaid Update* publications.

Managed Care Organizations (MCO) arrange and pay for a large array of health and social services, such as home health care, nursing home care, dentistry, vision care, and durable medical equipment. DOH created a model contract for each of the four plan types, which identifies the services plans must cover. The model contracts require the MCO to pay for all covered services in exchange for monthly premium payments. Services that are covered by the MCO should not be billed to Medicaid on a Fee For Service (FFS) basis.

The DOH is responsible for monitoring the Medicaid Program in New York State. This includes evaluating whether providers of medical care, services and supplies are in compliance with applicable State and Federal law and regulations. The Department conducts audits of persons who submit claims for payment under the Medicaid Program, and the Department may seek recovery or restitution if payments were improperly claimed, regardless of whether unacceptable practices have occurred. The Department may either conduct an on-site field audit of a person's records or it may conduct an in-house review utilizing data processing procedures.

42 CFR. 431.958- definition of improper payment- means any payment that should not have been made or that was made in an incorrect amount (including overpayments and underpayments) under statutory, contractual, administrative, or other legally applicable requirements; and includes any payment to an ineligible beneficiary, any duplicate payment, any payment for services not received, any payment incorrectly denied, and any payment that does not account for credits or applicable discounts.

518.1(c)- An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake.

Objective

The objective of this audit was to assess the Provider's adherence to applicable laws, regulations, rules and policies governing the New York State Medicaid program and to identify and recover:

- Paid FFS claims for services that were covered and paid for by a MCO.

Audit Scope

This audit identified instances where FFS claims were paid for services covered and paid by a MCO for dates of service included in the period beginning January 1, 2017 and ending December 31, 2018.

Audit Findings

The OMIG issued a Draft Audit Report to the Provider on January 12, 2023, that identified \$1,781.24 in a Medicaid overpayment when a FFS payment was made to the Provider on behalf of an enrollee who was simultaneously enrolled in a MCO and the MCO also paid the provider. The Provider's January 24, 2023 response (Attachment A) to the Draft Audit Report stated that the Provider was in agreement with the Draft Audit Report findings. As a result, the overpayment identified (Attachment B) in this Final Audit Report remains unchanged from the overpayment cited in the Draft Audit Report. Pursuant to Title 18 of the Official Compilation of the Codes, Rules and Regulations of the State of New York (18 NYCRR) Parts 517 and 518, OMIG, on behalf of DOH, may recover such overpayments.

Based on this determination, the total amount due to DOH, as defined in 18 NYCRR Section 518.1, is \$1,781.24 (Attachment B). Subsequent to the issuance of the Draft Audit Report, the Provider voided the claim in the amount of \$1,781.24. Therefore, there is no remaining amount due to DOH (Attachment B).

Hearing Rights

The Provider has the right to challenge this action and determination by requesting an administrative hearing within sixty (60) days of the date of this notice. In accordance with 18 NYCRR 519.18(a), "The issues and documentation considered at the hearing are limited to issues directly relating to the final determination. An appellant may not raise issues regarding the methodology used to determine any rate of payment or fee, nor raise any new matter not considered by the department upon submission of objections to a draft audit or notice of proposed agency action."

If the Provider wishes to request a hearing, the request must be submitted in writing within sixty (60) days of the date of this notice to:

General Counsel
New York State
Office of the Medicaid Inspector General
Office of Counsel
800 North Pearl Street
Albany, New York 12204

Questions regarding the request for a hearing should be directed to Office of Counsel, at [REDACTED]

If a hearing is held, the Provider may have a person represent it or the Provider may represent itself. If the Provider chooses to be represented by someone other than an attorney, the Provider must supply along with its hearing request a signed authorization permitting that person to represent the Provider at the hearing; the Provider may call witnesses and present documentary evidence on its behalf.

For a full listing of hearing rights please see 18 NYCRR Part 519.
