Re: AUDIT SUMMATION  
Medicaid Audit #: 23-4300  
Provider ID#: ██████████

Dear ██████████

The New York State Department of Health (Department) is the single state agency responsible for the administration of the medical assistance (Medicaid) program. The Office of the Medicaid Inspector General (OMIG) is an independent office within the Department responsible for a variety of Medicaid program integrity functions. As part of its responsibilities, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of the Department of Health and the Department of Mental Hygiene (Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York) and the Department's Medicaid Managed Care Model Contract, Medicaid Management Information System (MMIS) Provider Manuals and *Medicaid Update* publications.

A review of the case mix index component of A Holly Patterson Extended Care Facility (Facility) Medicaid rates for nursing facility services paid by Medicaid from July 1, 2018 through December 31, 2018 was recently completed. This review consisted of verifying the accuracy of Minimum Data Set (MDS) information relating to the census upload data submitted to New York State for the January 31, 2018 census. The purpose of the audit was to determine that there were no Medicaid overpayments applicable to the provision of nursing facility services as the result of an incorrect calculation of the case mix index component of the Facility's rate. The objective of the audit was to compare the MDS data submission to the Facility's supporting documentation to ensure that data submitted was accurate.

Please be advised that pursuant to 18 NYCRR 517.3(h), the OMIG hereby concludes its review related to the above-referenced audit objective and scope. The OMIG has determined that no further action is warranted.
