## **Background, Objective, and Audit Scope**

### **Background**

The New York State Department of Health (DOH) is the state agency responsible for the administration of the Medicaid program. As part of its responsibility as an entity within DOH, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth in New York Public Health Law, New York Social Services Law, the regulations of the Department of Health (Titles 10, 14 and 18 of the New York Codes Rules and Regulations), the Department of Health's Medicaid Provider Manuals and *Medicaid Update* publications.

An infant whose mother is in receipt of Medicaid at the time of the infant's birth is entitled to Medicaid for the first 12 months from their date of birth. If a mother is enrolled in a managed care plan, the newborn becomes a member of that same plan, and the hospital is required to bill the plan directly for costs associated with the newborn's birth using the newborn's client identification number. Exceptions to this billing routine occur when the newborn weighs less than 1200 grams, is determined eligible for the SSI related category, or the mother is enrolled in certain special needs or a partial capitation plan. Section 3.9 of the Medicaid Managed Care/Family Health Plus/HIV Special Needs Plan Model Contract (Contract) also provides for a supplemental newborn capitation payment be made to a Managed Care Organization (Plan) after the Plan makes payment to the hospital for the birth/delivery.

### **Objective**

The objective of our audit was to assess Queens Hospital's (Facility) adherence to applicable laws, regulations, rules and policies governing the New York State Medicaid program and to verify that:

- the Facility sought reimbursement from liable third parties;
- claims for payment were submitted in accordance with applicable rules and requirements.

### **Audit Scope**

A review of newborn birth payment claims paid to the Facility by Medicaid for service dates included in the period beginning January 1, 2007 and ending December 31, 2010 was completed. The audit identified instances where both, the Facility received a fee-for-service Medicaid payment while the newborn was enrolled in managed care and the Plan received a supplemental newborn capitation payment; indicating the hospital was either eligible for or did receive a payment from the Plan related to the newborn's birth.

## **Audit Findings**

OMIG issued a Draft Audit Report to the Facility on December 13, 2012 that identified \$15,164.14 in Medicaid overpayments due to the Facility billing Medicaid for birth services rendered to newborns during a period when the newborn was enrolled in managed care and should have been billed to their Plan; a violation of §540.6 requirements. The Facility's January 22, 2013 written response (Attachment I) to the Draft Audit Report stated that one claim was refunded through the adjustment process prior to the issuance of the Draft Audit Report. After verifying that the claim was refunded through the adjustment process prior to the issuance of the Draft Audit report, OMIG has removed the claim from the Final Audit Report (Attachment II). As a result, in this Final Audit Report, OMIG reduced the overpayments identified in the Draft Audit Report by \$4,275.27; from \$15,164.14 to \$10,888.87.

The Facility agreed with the four remaining disallowed services/claims identified in the Draft Audit Report. OMIG has determined that the Facility is entitled to graduate medical expense payments of \$5,245.17 related to three of the four disallowed services/claims (Attachment III). As a result, the overpayment has been adjusted to reflect this entitlement, and the total overpayment in the Final Audit Report is reduced by \$5,245.17; from \$10,888.87 to \$5,643.70. Pursuant to 18 NYCRR Parts 517 and 518, OMIG, on behalf of DOH, may recover such overpayments.

In accordance with 18 NYCRR Section 518.4, interest may be collected on any overpayments identified in this audit and will accrue at the current rate from the date of the overpayment. Interest was calculated on the overpayments identified in this Final Audit Report using the Federal Reserve Prime Rate from the date of each overpayment through the date of the Draft Audit Report, December 13, 2013. For the net overpayments identified in this audit, OMIG has determined that accrued interest of \$571.85 (Attachment III) is now owed.

Based on this determination, the total amount due to DOH, as defined in 18 NYCRR Section 518.1 is \$6,215.55 (Attachment III), inclusive of interest. Subsequent to the issuance of the Draft Audit Report, the Facility adjusted two disallowed claims to the appropriate graduate medical expense entitlement totaling \$3,348.19. The Facility also voided one disallowed claim totaling \$1,559.08. As a result, repayment of \$1,308.28 is now due to DOH.

## Repayment Options

In accordance with 18 NYCRR Part 518, which regulates the collection of overpayments, your repayment options are described below.

**Option #1:** Make a full payment by check or money order within 20 days of the date of the Final Audit Report. The check should be made payable to the **New York State Department of Health** with audit number included and be sent with the attached remittance advice to:

  
New York State Department of Health  
Medicaid Financial Management, B.A.M.  
GNARESP Corning Tower, Room 2739  
Albany, New York 12237-0016

**Option #2:** Enter into a repayment agreement with OMIG to have the overpayments applied against your future Medicaid payments. If your repayment terms exceed 90 days from the date of the Final Audit Report, recoveries of amounts due are subject to interest charges at the Prime Rate plus 2%. If the process of establishing the repayment agreement exceeds 20 days from the date of the Final Audit Report, OMIG will impose a 15% withhold after 20 days until the agreement is established. OMIG may require financial information from you to establish the terms of the repayment agreement. If additional information is requested, OMIG must receive the information within 30 days of the request or a 50% withhold will be imposed. OMIG acceptance of the repayment agreement is based on your repaying the Medicaid overpayment as agreed. OMIG will adjust the rate of recovery, or require payment in full, if your unpaid balance is not being repaid as agreed. OMIG will notify you no later than 5 days after initiating such action. If you wish to enter into a repayment agreement, you must forward your written request within 20 days to the following:

Bureau of Collections Management  
New York State Office of the Medicaid Inspector General  
800 North Pearl Street  
Albany, New York 12204  

If within 20 days you fail to make full payment or contact OMIG to make repayment arrangements, OMIG will establish a withhold equal to 50% of your Medicaid billings to secure payment and liquidate the overpayment amount, interest and/or penalty, not barring any other remedy allowed by law. OMIG will provide notice to you no later than 5 days after the withholding of any funds.

In addition, if you receive an adjustment in your favor while you owe funds to the State, such adjustment will be applied against the amount owed.
