FINAL AUDIT REPORT
Audit #2010Z27-023M
Provider [REDACTED]

Dear Provider:

The New York State Office of the Medicaid Inspector General (the "OMIG") completed an audit of clinic services paid to Medicaid patients under the Products of Ambulatory Care (PAC) rate structure. In accordance with Section 517.5 of Title 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (18 NYCRR), this report represents the final determination on issues found during the OMIG's review.

Since you did not submit any documentation in response to the OMIG's November 4, 2010 Draft Audit Report, the findings are unchanged. A detailed Final Report, along with supporting exhibits, is appended to this notice.

Based on this determination, restitution of the overpayments as defined in 18 NYCRR 518.1 is required in the amount of \$636.53, inclusive of interest.

In accordance with 18 NYCRR Part 518 which regulates the collection of overpayments, your repayment options are described as follows:

OPTION #1: Make a full payment by check or money order within 20 days of the date of the final report. The check should be made payable to the New York State Department of Health and be sent with the enclosed Remittance Advice form, signed and dated, to:

[REDACTED]
New York State Department of Health
Medicaid Financial Management
GNARESP Corning Tower, Room 1237
Albany, New York 12237

OPTION #2: Enter into a repayment agreement with the Office of the Medicaid Inspector General to have the overpayments applied against your future Medicaid payments. If your repayment terms exceed 90 days from the date of the final report, recoveries of amounts due are subject to interest charges at the prime rate plus 2%. If the process of establishing the repayment agreement exceeds 20 days from the date of the final report, the OMIG will impose a 15% withhold after 20 days until the agreement is established. The OMIG may require financial information from you to establish the terms of the repayment agreement. If additional information is requested, the OMIG must receive the information within 30 days of the request or a 50% withhold will be imposed. OMIG acceptance of the repayment agreement is based on your repaying the Medicaid overpayment as agreed. The OMIG will adjust the rate of recovery, or require payment in full, if your unpaid balance is not being repaid as agreed. The OMIG will notify you no later than 5 days after initiating such action.

If you wish to enter into a repayment agreement, you must forward your written request within 20 days to the following:

Collections Management Group
New York State Office of the Medicaid Inspector General
800 North Pearl Street
Albany, New York 12204
[REDACTED]

Do not submit claim voids or adjustments in response to this Final Audit Report.

If within 20 days you fail to make full payment or contact the OMIG to make repayment arrangements, the OMIG will establish a withhold equal to 50% of your Medicaid billings to secure payment and liquidate the overpayment amount, interest and/or penalty, not barring any other remedy allowed by law. The OMIG will provide notice to you no later than 5 days after the withholding of any funds.

In addition, if you receive an adjustment in your favor while you owe funds to the State, such adjustment will be applied against the amount owed.

You have the right to challenge this action and determination by requesting an administrative hearing within sixty (60) days of the date of this notice. In accordance with 18 NYCRR Section 519.18(a), "The issues and documentation considered at the hearing are limited to issues directly relating to the final determination. An appellant may not raise issues regarding the methodology used to determine any rate of payment or fee, nor raise any new matter not considered by the department upon submission of objections to a draft audit or notice of proposed agency action."

If the Facility wishes to request a hearing, the request must be submitted in writing to:

General Counsel
Division of Counsel
New York State Office of the Medicaid Inspector General
800 North Pearl Street
Albany, New York 12204

If a hearing is held, the Facility may have a person represent the Facility or the Facility may represent itself. If the Facility chooses to be represented by someone other than an attorney, the Facility must supply along with the Facility's hearing request a signed authorization permitting that person to represent the Facility. At the hearing, the Facility may call witnesses and present documentary evidence on the Facility's behalf.

BACKGROUND, PURPOSE AND SCOPE

The New York State Department of Health (DOH) is responsible for the administration of the Medicaid program. As an independent office within DOH, the OMIG conducts audits and reviews of providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at ensuring provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth in NY Public Health Law, NY Social Services Law, regulations of the Departments of Health, [Titles 10 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

PAC clinic rates are all-inclusive reimbursement rates associated with procedures, diagnosis and recipient age. General clinic visits are not allowable when PAC codes are submitted for payment. Further, ancillary testing and physician services are included in the all-inclusive rates and should not be billed fee for service. A review of your claims shows that Medicaid was inappropriately billed for ancillary services included in the facility's PAC rate.

To accomplish this, claims submitted for PAC services with payment dates from January 1, 2007 through June 30, 2010 were reviewed.

Please note that due to the implementation of the National Provider Identifier (NPI) on September 1, 2008, there may be multiple Provider Identification Numbers associated with the Primary Provider Identification Number. The NPI is linked to the Primary Provider Identification Number. The Primary Provider Identification Number is used for correspondence and recoupment.

DETAILED FINDINGS

A copy of the supporting exhibits is enclosed with this Draft Audit Report. The exhibits detail each disallowed claim. The exhibits show the date the PAC service occurred and the subsequent ancillary service. For each claim, the ancillary service should not have been billed to Medicaid as it is included in the PAC rate. The exhibits are detailed in three categories:

1. Laboratory Services Billed Fee for Service That Are Included in the PAC Rate
