OFFICE OF THE MEDICAID INSPECTOR GENERAL

www.omig.ny.gov

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to assess compliance with program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to assess the required involvement of professionals in planning care to program beneficiaries; to safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries and penalties, and also improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

EXECUTIVE SUMMARY

BACKGROUND

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health (DOH) administers the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

Reimbursement under the Medicaid program is available under the School Supportive Health Services Program and Preschool Supportive Health Services Program (SSHSP and PSHSP) for certain diagnostic and health support services provided to students with, or suspected of having disabilities. SSHSP applies to the 5-21 year old population and PSHSP applies to the 3-4 year old population pursuant to §4410 of the Education Law. In 1988, Section 1903 of subdivision (c), of the Social Security Act (SSA) was added by §411(k)(13)(A) of the Medicare Catastrophic Act of 1988 (PL 100-360), to clarify Congressional intent by stating that nothing in Title XIX of the SSA shall preclude Medicaid coverage of services included in a disabled student's Individualized Education Program (IEP). New York State implemented the Federal law in 1989 by amending Section 368 (d) and (e) of Chapter 558 of the Social Services Laws to authorize payment of medical assistance funds for PSHSP and SSHSP services.

PURPOSE AND SCOPE

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for School Supportive Health Services complied with applicable federal and state laws, regulations, rules and policies governing the New York State Medicaid Program. With respect to School Supportive Health Services, this audit covered services paid by Medicaid from January 1, 2010, through December 31, 2010.

SCHOOL SUPPORTIVE HEALTH SERVICES PROGRAM COMPLIANCE AGREEMENT

In July 2009, the United States Department of Justice, on behalf of the Office of Inspector General (OIG) of the Department of Health and Human Services and the Centers for Medicare and Medicaid Services (CMS) entered into a Settlement Agreement (Settlement Agreement) with the State of New York, the City of New York, and the Board of Education of the City School District of the City of New York to end litigation related to the New York State School Health Services Program (Program). In addition to the Settlement Agreement, CMS entered into Program Compliance Agreement (Compliance Agreement) with New York State Department of Health (DOH), New York State Department of Education and the New York State Office of the Medicaid Inspector General (OMIG) with respect to the Program's compliance with all rules and regulations applicable to this program. Under the terms of the Program Compliance Agreement, the OMIG must conduct payment audits of the Program's compliance with all applicable federal laws and regulations regarding claims for federal Medicaid participation. The payment audits will focus on program physical therapy, occupational therapy, speech therapy, audiological evaluations, evaluations for all available services, nursing services, psychological services, transportation, medical evaluations, targeted case management services, initial individual education plan (IEP), triennial IEP, annual IEP, requested or amended IEP and ongoing service coordination.

The OMIG is required to perform separate payment Program claim audits for the New York City School District and for school districts and Counties in the rest of the State. The results of these audits must be provided to CMS.

SUMMARY OF FINDINGS

We inspected 82 claims with \$27,227.82 in Medicaid payments. Of the 82 claims, 26 claims had at least one error and did not comply with state requirements. Of the 26 noncompliant claims, none contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
No Recommendation or Written Order	20
No Documentation of Two Services During Month	2
Records Do Not Substantiate the Related Health Service on that Transportation Day	4

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$7,378.24.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including SSHSP and PSHSP claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

New York State's School Supportive Health Services Program and Preschool Supportive Health Services Program

Reimbursement under the Medicaid program is available under the School Supportive Health Services Program and Preschool Supportive Health Services Program (SSHSP and PSHSP) for certain diagnostic and health support services provided by a school or county to students with, or suspected of having disabilities. Services (physical therapy, occupational therapy, speech pathology/therapy, psychological counseling, skilled nursing services), evaluations (basic and comprehensive psychological evaluations, medical evaluations, medical specialist evaluations, audiological evaluations) and special transportation must be provided by qualified professionals either under contract with, or employed by, school districts/§4201 schools/county agencies. In addition, school districts are able to claim Medicaid reimbursement for five additional services identified as Targeted Case Management (TCM). Furthermore, the school districts/§4201 schools/counties must be enrolled as Medicaid providers in order to bill Medicaid.

The specific standards and criteria for SSHSP and PSHSP services are primarily outlined in the provider manual "Medicaid Claiming/Billing Handbook – (UPDATE #6)" as updated by the New York State Department of Health with the New York State Education Department, Part 200 of the Regulations of the Commissioner of the New York State Education Department, and the Questions and Answers posted on the New York State Education Department website, under NYS Medicaid in Education.

School Supportive Health Services Program Compliance Agreement

In July 2009, the United States Department of Justice, on behalf of the Office of Inspector General (OIG) of the Department of Health and Human Services and the Centers for Medicare and Medicaid Services (CMS) entered into a Settlement Agreement (Settlement Agreement) with the State of New York, the City of New York, and the Board of Education of the City School District of the City of New York to end litigation related to the New York State School Health Services Program (Program). In addition to the Settlement Agreement CMS entered into Program Compliance Agreement (Compliance Agreement) with New York State Department of Health (DOH), New York State Department of Education and the New York State Office of the Medicaid Inspector General (OMIG) with respect to the Program's compliance with all rules and regulations applicable to this program. Under the terms of the Program Compliance Agreement, the OMIG must conduct payment audits of the Program's compliance with all applicable federal laws and regulations regarding claims for federal Medicaid participation. The payment audits will focus on program physical therapy, occupational therapy, speech therapy, audiological evaluations, evaluations for all available services, nursing services, psychological services, transportation, medical evaluations, targeted case management services, initial individual education plan (IEP), triennial IEP, annual IEP, requested or amended IEP and ongoing service coordination.

The OMIG is required to perform separate payment Program claim audits for the New York City School District and for school districts and Counties in the rest of the State. The results of these audits must be provided to CMS.

PURPOSE, SCOPE, AND METHODOLOGY

Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for Preschool and School Supportive Health Services complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;
- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

Scope

Our audit period covered payments to the Provider for School Supportive Health Services Program services paid by Medicaid from January 1, 2010, through December 31, 2010. Our audit universe consisted of 82 claims totaling \$27,227.82.

During our audit, we did not review the overall internal control structure of the Provider. Rather, we limited our internal control review to the objective of our audit.

Methodology

To accomplish our objective, we:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the School Supportive Health Services Program;
- ran computer programming application of claims in our data warehouse that identified 82 paid School Supportive Health Services Program claims, totaling \$27,227.82;

For each claim selection we inspected, as available, the following:

- Medicaid electronic claim information
- Patient record, including, but not limited to:
 - Individualized Education Program (IEP)
 - CSE Meeting Minutes
 - Invitation to parent/guardian to attend a CSE meeting and notification of the outcome
 - Service reports
 - Progress notes
- Any additional documentation deemed by the Provider necessary to substantiate the Medicaid paid claim

LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable Laws, Regulations, Rules, and Policies of the Medicaid program referenced when conducting this audit:

- Departments of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)], and State Education Department [Title 8 of the Official Compilation of Codes, Rules and Regulations of the State of New York (8 NYCRR Part 200)].
- Medicaid Management Information System and eMedNY Provider Manual, including applicable updates by the New York State Department of Health with the New York State Education Department.
- Specifically, Title 18 NYCRR Section 540.6, and other applicable program regulations, for example, 14 NYCRR Part 822.

Regulations state: "By enrolling the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (h) that the information provided in relation to any claim for payment shall be true, accurate and complete; and (i) to comply with the rules, regulations and official directives of the department."
18 NYCRR Section 504.3

Regulations state: "All bills for medical care, services and supplies shall contain: . . . (8) a dated certification by the provider that the care, services and supplies itemized have in fact been furnished; that the amounts listed are due and owing . . . ; that such records as are necessary to disclose fully the extent of care, services and supplies provided to individuals under the New York State Medicaid program will be kept for a period of not less than six years from the date of payment . . . ; and that the provider understands that payment and satisfaction of this claim will be from Federal, State and local public funds and that he or she may be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided. . . ."
18 NYCRR Section 540.7(a)

Regulations state: "An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake."
18 NYCRR Section 518.1(c)

Furthermore, according to regulations, all providers must prepare and maintain contemporaneous records demonstrating their right to receive payment under the medical assistance program. In addition, the provider must keep, for a period of six years, all records necessary to disclose the nature and extent of services furnished and the medical necessity therefore, including any prescription or fiscal order for the service or supply. This information is subject to audit for a period of six years and must be furnished, upon request.

18 NYCRR Section 517.3(b)

DETAILED FINDINGS

OPTION #1: Make full payment by check or money order within 20 days of the date of the final audit report. The check should be made payable to the New York State Department of Health and be sent with the attached Remittance Advice to:

Furthermore, the OMIG may require financial information from you to establish the terms of the repayment agreement. If additional information is requested, the OMIG must receive the information within 30 days of the request or a 50% withhold will be imposed. OMIG acceptance of the repayment agreement is based on your repaying the Medicaid overpayment as agreed. The OMIG will adjust the rate of recovery, or require payment in full, if your unpaid balance is not being repaid as agreed. The OMIG will provide notice to you no later than 5 days after the withholding of any funds. In addition, if you receive an adjustment in your favor while you owe funds to the State, such adjustment will be applied against the amount owed.

If you choose not to settle this audit through repayment, you have the right to challenge these findings by requesting an administrative hearing. As allowed by state regulations, you must make your request for a hearing, in writing, within sixty (60) days of the date of this report to:

Questions regarding the request for a hearing should be directed to [REDACTED] Office of Counsel, at [REDACTED].

Issues you may raise shall be limited to those issues relating to determinations contained in the final audit report. Your hearing request may not address issues regarding the methodology used to determine the rate, or any issue that was raised at a proceeding to appeal a rate determination.

At the hearing you have the right to:

- a) be represented by an attorney or other representative, or to represent yourself;
- b) present witnesses and written and/or oral evidence to explain why the action taken is wrong; and
- c) cross examine witnesses of the Department of Health and/or the OMIG.

The OMIG reserves the right to conduct further reviews of your participation in the Medicaid Program, take action where appropriate, and recover monies owed through the initiation of a civil lawsuit or other legal mechanisms including but not limited to the recovery of state tax refunds pursuant to Section 206 of the Public Health Law and Section 171-f of the State Tax Law.
