Re: Final Audit Report

Audit #: 10-5740
Provider ID #: [REDACTED]

Dear [REDACTED]

This letter will serve as our final audit report of the recently completed review of payments made to Allied Central Ambulette (the Provider) under the New York State Medicaid Program. Since you did not respond to our draft audit report dated April 1, 2014, the findings in the final audit report are identical to those in the draft audit report.

The New York State Department of Health (DOH) is responsible for the administration of the Medicaid program. As part of this responsibility, the Office of the Medicaid Inspector General (OMIG) conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at assessing provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)] and the Medicaid Management Information System (MMIS) Provider Manuals.

Medicaid reimbursement in New York State is available to lawfully authorized ambulance, ambulette and taxi providers for transportation services furnished to Medicaid eligible persons going to or from the site of Medicaid covered medical services. Other carriers are specifically approved to transport Medicaid recipients to and from prescribed day treatment services. Transportation providers and their drivers must comply with all applicable state, county and municipal requirements for legal operation, including those for licensing, inspection, training, staffing and equipment. Applicable regulations of the State Departments of Transportation, Health and Motor Vehicles are referenced in the Department's governing regulation, Title 18 NYCRR Section 505.10.

A common requirement for all Medicaid transportation providers is the need to obtain prior authorization for all non-emergency services that are provided. Once authorized, a service must be

rendered to receive reimbursement. Each billing claim for service submitted for Medicaid payment must conform to the billing requirements contained in the MMIS Provider Manual for Transportation and rate schedules issued by county social service districts as part of their local transportation plans.

A review of payments to the Provider for transportation services paid by Medicaid for New York City recipients from January 1, 2006, through December 31, 2009, was recently completed. During the audit period, \$7,352,513.80 was paid for 136,195 services rendered to 3,161 recipients. This review consisted of a random sample of 150 services involving 125 recipients with Medicaid payments of \$8,200.20. The purpose of this audit was to verify that: drivers and/or vehicles were properly licensed, certified and/or registered; prior authorizations were obtained; all billing and rate requirements were met; Medicaid reimbursable services were rendered for the dates billed; appropriate procedure codes were billed for services rendered; vendor records contained the documentation required by the regulations; and claims for payment were submitted in accordance with Department regulations and the Provider Manuals for Transportation.

The Provider's failure to comply with Title(s) 10, 14 and/or 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (NYCRR) and the MMIS Provider Manual for Transportation resulted in a total sample overpayment of \$4,835.80.

The statistical sampling methodology employed allows for extrapolation of the sample findings to the universe of cases (18 NYCRR Section 519.18). The mean per unit point estimate of the amount overpaid is \$4,390,745. The lower confidence limit of the amount overpaid is \$3,949,169. We are 95% certain that the actual amount of the overpayment is greater than the lower confidence limit (Exhibit I).

The following detailed findings reflect the results of our audit. This audit report incorporates consideration of any additional documentation and information presented in response to the draft audit report dated April 1, 2014.

DETAILED FINDINGS

In addition to any specific detailed findings, rules and/or regulations which may be listed below, the following regulations pertain to all audits:

(e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . .
