Re: Final Audit Report
Audit 11-6188

Dear [REDACTED]:

Enclosed is the Office of the Medicaid Inspector General ("OMIG") final audit report entitled "Review of Health Plus (the "Plan") Supplemental Newborn Capitation Payments", covering specific claim submission by the Plan.

In the attached final report, the OMIG has detailed our objectives and scope, laws, regulations, rules, and policies, findings, and provider rights.

After reviewing the Plan's December 19, 2011 written response to the OMIG's November 21, 2011 draft report, the OMIG has reduced the disallowances in the final report. A detailed explanation of the revision is included in the final report.

In addition to recovering the overpayments set forth in this final audit report, the OMIG reserves the right to take additional actions, including the imposition of sanctions pursuant to 18 NYCRR §515.6, if such action is warranted. If the OMIG determines to take such action, the OMIG will notify the Plan in a separate notice.

If the Plan has any questions or comments concerning this report, please contact [REDACTED] at [REDACTED] or through email at [REDACTED]. Please refer to audit number 11-6188 in all correspondence.

OFFICE OF THE MEDICAID INSPECTOR GENERAL

www.omig.state.ny.us

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive, and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to ensure compliance and program requirements, and where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to ensure the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity, and appropriateness of Medicaid services provided; and to reduce the potential for fraud, waste, and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the State's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining, and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate, and persuasive legal advocacy and counsel.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information System (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including newborn birth claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment, and supplies. These audits and reviews are directed at ensuring provider compliance with applicable laws, regulations, rules, and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules, and Regulations of the State of New York] and the Medicaid Provider Manuals.

Supplemental Newborn Capitation Payment

The Medicaid Managed Care/Family Health Plus Contract (MMC/FHPC) states a plan shall receive a capitation payment from the first day of the newborn's month of birth, and in instances where the plan pays the hospital or birthing center for the newborn stay, a supplemental newborn capitation payment. However, a plan cannot bill for a supplemental newborn capitation payment until the newborn hospital or birthing center has been paid by the plan. The plan must also submit encounter data evidence of this payment. Failure to have supporting records may, upon an audit, result in recoupment of the supplemental newborn capitation payment.

OBJECTIVE AND SCOPE

Objective

The objective of our audit was to ensure Health Plus (the "Plan") was in compliance with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that supplemental newborn capitation payments were submitted in accordance with the Medicaid Managed Care Model Contract.

Scope

A review of five supplemental newborn capitation payments made to the Plan whereas the newborn's hospital or birthing center reported not receiving payment from the Plan for the newborn services they rendered to the Plan's Medicaid enrollees.

LAWS, REGULATIONS, RULES AND POLICIES

The following are applicable laws, regulations, rules, and policies of the Medicaid program referenced when conducting this audit:

- Department of Health and Mental Hygiene [Titles 10, 14, and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)].
- Medicaid Management Information System ("MMIS") and eMedNY Provider Manual.
- Medicaid Managed Care and Family Health Plus Model Contract
- Specifically, 18 NYCRR §540.6
- In addition to any specific detailed findings, rules, and/or regulations which may be listed below, the following regulations pertain to all audits:

Regulations state: "By enrolling, the provider agrees: (a) to prepare and to maintain contemporaneous records demonstrating its right to receive payment . . . and to keep for a period of six years from the date the care, services, or supplies were furnished, all records necessary to disclose the nature and extent of services furnished and all information regarding claims for payment submitted by, or on behalf of, the provider . . . (e) to submit claims for payment only for services actually furnished and which were medically necessary or otherwise authorized under the Social Services Law when furnished and which were provided to eligible persons; (f) to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission; . . . (h) that the information provided in relation to any claim for payment shall be true, accurate and complete; and (i) to comply with the rules, regulations and official directives of the department."

18 NYCRR Section 504.3

Regulations state: "All bills for medical care, services and supplies shall contain: . . . (8) a dated certification by the provider that the care, services and supplies itemized have in fact been furnished; that the amounts listed are due and owing . . .; that such records as are necessary to disclose fully the extent of care, services and supplies provided to individuals under the New York State Medicaid program will be kept for a period of not less than six years from the date of payment . . .; and that the provider understands that payment and satisfaction of this claim will be from Federal, State and local public funds and that he or she may be prosecuted under applicable Federal and State laws for any false claims, statements or documents, or concealment of a material fact provided. . . ."

18 NYCRR Section 540.7(a)

Regulations state: "An overpayment includes any amount not authorized to be paid under the medical assistance program, whether paid as the result of inaccurate or improper cost reporting, improper claiming, unacceptable practices, fraud, abuse or mistake."

18 NYCRR Section 518.1(c)

Furthermore, according to regulations, all providers must prepare and maintain contemporaneous records demonstrating their right to receive payment under the medical assistance program. In addition, the provider must keep, for a period of six years, all records necessary to disclose the nature and extent of services furnished and the medical necessity therefore, including any prescription or fiscal order for the service or supply. This information is subject to audit for a period of six years and must be furnished, upon request.

18 NYCRR Section 517.3(b)

DETAILED FINDINGS

A draft report that identified inappropriate payments of \$11,026.61 was issued to the Plan on November 21, 2011 for five instances where the Plan was paid a supplemental newborn capitation payment for services the birthing center claims were not paid by the Plan; a violation of MMC/FHPC §3.9(d).

The Plan's December 19, 2011 written response (Attachment I) to the OMIG's November 21, 2011 draft report stated the Plan disputed four claims (Recip ID's: [REDACTED], [REDACTED], [REDACTED], [REDACTED]) due to the newborns being born in a case rate facility, where payment for the mothers delivery claims includes both delivery and newborn global rate. Upon receipt of the Plan's response, the OMIG contacted the birthing hospital and confirmed that the newborn claims were paid through this process. As a result, the findings identified in draft report have been reduced by \$8,394.52 from \$11,026.61 to \$2,632.09. The Plan was in agreement with the remaining finding.

In accordance with 18 NYCRR §518.4, interest may be collected and will accrue at the current rate from the date of the overpayment. For the net overpayments identified in this audit, the OMIG has determined that accrued interest of \$431.35 is owed. Interest was calculated using the Federal Reserve Prime Rate, with the begin date of interest being the date of overpayment and the end date of interest being the date of the OMIG's draft report; November 21, 2011.

Based on this determination, the total amount of overpayment, as defined in 18 NYCRR §518.1 is \$3,063.44 inclusive of interest (Table I). Prior to the issuance of the final report, the Plan voided the remaining disallowed claim totaling \$2,632.09. As a result, repayment of \$431.35 is now due the New York State Department of Health.
