The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to ensure compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to ensure the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

Re: Final Report
Audit #: 11-4947
Provider ID #: [redacted]

Dear [redacted]

The New York State Office of the Medicaid Inspector General (the "OMIG") performed an audit of Medicaid and Family Health Plus capitation payments made to Neighborhood Health Providers Inc. (the "Plan") for deceased enrollees. In accordance with Section 517.6 of Title 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (18 NYCRR), this report represents the final determination on issues found during the OMIG's review.

After reviewing the Plan's November 22, 2011 response to the OMIG's July 27, 2011 draft report, the findings in the final report have changed in relation to those cited in the draft report. A detailed explanation of the OMIG's findings is included in the findings section of this report.

BACKGROUND

The New York State Department of Health is responsible for the administration of the Medicaid program. As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at ensuring provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)] and the Medicaid Provider Manuals.

In accordance with 18 NYCRR Part 518 and pursuant to the Medicaid Managed Care and Family Health Plus Contract, Section 3.6 (Compensation – State Department of Health Right to Recover Premiums), the OMIG has a right to recover premiums paid to the contractor for enrollees listed on the monthly roster who are later determined to have been deceased for the entire applicable payment month.

PURPOSE AND SCOPE

The purpose of the audit was to identify instances where the Plan received a monthly capitation payment from Medicaid for dates of service following the enrollee's death. These cases were identified by a computerized match comparing Medicaid and Family Health Plus managed care enrolled recipients to New York State and New York City Vital Statistic death record information. The review includes all dates of death reported through December 31, 2010 to Vital Statistics.

FINDINGS

A draft report was issued on July 27, 2011 identifying $195,997.00 as being inappropriately billed by the Plan to Medicaid following the month of an enrollee's death. The Plan, in a November 22, 2011 (Attachment I), response to the draft report agreed with the OMIG's draft report findings.

The OMIG is removing two claims from the final report totaling $525.38 that were voided by the Plan prior to the issuance of the draft report (Attachment II). In addition, subsequent to issuance of the draft report claim rate adjustments occurred on the final disallowed claims totaling -$118.22 (Attachment III).

As a result of the above adjustments, the final report identifies $195,353.40 (Attachment IV) as being inappropriately paid to the Plan for capitation payments following the months of an enrollees death; and as stated in the Medicaid Managed Care and Family Health Plus Contract, Section 3.6 (Compensation – State Department of Health Right to Recover Premiums), the OMIG has a right to recover premiums paid to the contractor for enrollees listed on the monthly roster who are later determined to have been deceased for the entire applicable payment month.

During the course of the audit the Plan submitted claim void transactions for $195,353.40 for 651 of the inappropriate billings identified in the draft report (Attachment IV). As a result, in accordance with 18 NYCRR 518.1, the balance now due the New York State Department of Health is $0.00.

HEARING RIGHTS

The Plan has the right to challenge this action and determination by requesting an administrative hearing within sixty (60) days of the date of this notice. In accordance with 18 NYCRR Section 519.18(a), if the Plan wishes to request a hearing, the request must be submitted in writing to:
