Dear [REDACTED]:

The IPRO Healthcare Integrity Group (IPRO) has been contracted by the Centers for Medicare & Medicaid Services (CMS) to audit providers participating in the New York Medicaid program. Under authority of the Medicaid Integrity Program, IPRO conducted an audit claims for diabetic test strip supplies paid to Rite Aid of New York, Inc. #636 (Provider) between January 1, 2009, and December 31, 2011. IPRO issued a draft audit report to the Provider on March 13, 2015.

In accordance with the collaborative audit plan approved by the CMS and OMIG, OMIG is charged with reviewing IPRO's audit findings and issuing the enclosed final audit report.

In the attached final audit report, the OMIG has detailed our scope, procedures, laws, regulations, rules and policies, sampling technique, findings, provider rights, and statistical analysis.

The OMIG has attached the sample detail for the paid claims determined to be in error. This final audit report incorporates consideration of any additional documentation and information presented in response to the draft audit report dated February 20, 2015. The adjusted mean point estimate overpaid is \$100,212. The adjusted lower confidence limit of the amount overpaid is \$86,520. We are 95% certain that the actual amount of the overpayment is greater than the lower confidence limit. This audit may be settled through repayment of the adjusted lower confidence limit of \$86,520.

INTRODUCTION

BACKGROUND

Medicaid Program

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The Federal and State governments jointly fund and administer the Medicaid program.

New York State's Medicaid Program

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds. In New York State, the Department of Health (DOH) is the State agency responsible for operating the Medicaid program. Within DOH, the Office of Health Insurance Programs administers the Medicaid program. DOH uses the electronic Medicaid New York Information system (eMedNY), a computerized payment and information reporting system, to process and pay Medicaid claims, including inpatient chemical dependency rehabilitation treatment claims.

As part of this responsibility, the OMIG conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are conducted to determine if the provider complied with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York] and the Medicaid Provider Manuals.

New York State's Pharmacy Program

Pharmacy is a professional practice, which includes a number of activities that are necessary for the provision of drugs for patients as ordered by persons authorized under State law to prescribe drugs. Pharmacies, which are licensed and currently registered by the New York State Board of Pharmacy, Department of Education, may dispense drugs and other medical/surgical supplies. The pharmacy must comply with all applicable provisions of State Law including Article 137 of the Education Law, Articles 1 and 33 of the Public Health Law, and the Pharmacy Guide to Practice (Pharmacy Handbook) issued by the Department of Education. The specific standards and criteria for pharmacies are outlined in Title 10 NYCRR Parts 80 and 85.20-22 and Title 18 NYCRR Section 505.3. The MMIS Provider Manual for Pharmacy also provides program guidance for claiming Medicaid reimbursement for pharmacy services.

PURPOSE, SCOPE, AND METHODOLOGY

Purpose

The purpose of this audit was to determine whether the Provider's claims for Medicaid reimbursement for diabetic test strip supply claims complied with applicable Federal and State laws, regulations, rules and policies governing the New York State Medicaid Program and to verify that:

- Medicaid reimbursable services were rendered for the dates billed;
- appropriate rate or procedure codes were billed for services rendered;
- patient related records contained the documentation required by the regulations; and,
- claims for payment were submitted in accordance with DOH regulations and the appropriate Provider Manuals.

Scope

The audit period covered payments to the Provider for diabetic test strip supply claims paid by Medicaid from January 1, 2009, through December 31, 2011. The audit universe consisted of 2,993 claims with a total Medicaid payment of \$326,152.05.

During this audit, IPRO did not review the overall internal control structure of the Provider. Rather, they limited the internal control review to the objective of the audit.

Auditors reviewed a random sample of 250 claims with \$32,052.80 in Medicaid payments. Of the 250 claims in the random sample, 115 claims had at least one error and did not comply with state requirements. Of the 115 noncompliant claims, some claims contained more than one deficiency. Specifics are as follows:

<u>Error Description</u>	<u>Number of Errors</u>
No Explanation of Benefits (EOB) for Medicare Covered Item	53
Pharmacy Billed in Excess of Prescribed Quantity	47
Missing Follow-Up Hard Copy Order for Medical Supplies	24
Missing Information From Prescription/Fiscal Order	15
Other Insurance Payments Not Applied	8
Prescriber's Signature Missing on Prescription/Fiscal Order	3
Prescription/Fiscal Order Refilled in Excess of Prescriber's Authorization and/or Refilled Violation of Medicaid Regulations	1

Based on the procedures performed, the OMIG has determined the Provider was overpaid \$12,115.64 in sample overpayments with an extrapolated adjusted point estimate of \$100,212. The adjusted lower confidence limit of the amount overpaid is \$86,520.

Methodology

To accomplish the objective, IPRO:

- reviewed applicable federal and state laws, regulations, rules and policies;
- held discussions with the Provider's management personnel to gain an understanding of the diabetic test strip supply program;
- ran computer programming application of claims in the Medicaid data warehouse that identified 2,993 paid diabetic test strip supply claims, totaling \$326,152.05;
- selected a random sample of 250 claims from the population of 2,993 claims; and,
- estimated the overpayment paid in the population of 2,993 claims.

Documentation Reviewed

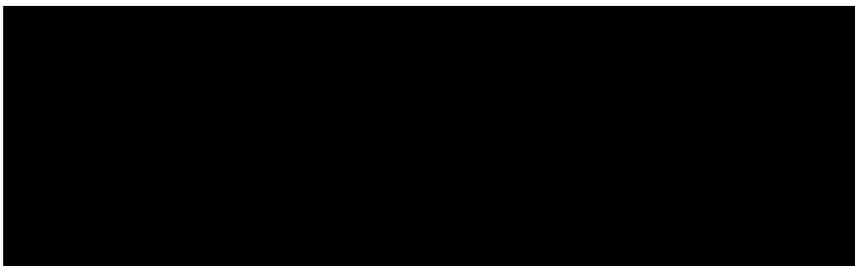

Documentation and records to support services reimbursed by the New York State Department of Health were copied and reviewed on-site at the Provider's facility. No original records were removed from the Provider's premises. During the on-site review, the Provider was asked to provide the additional documents necessary to complete the audit, which were not located during the on-site review. These records were delivered by Rite Aid of New York, Inc. 636 to IPRO's Albany office for review.

The documents collected were analyzed to identify any billing irregularities or deviations from Medicaid laws and regulations, and the Provider agreement. These documents included fiscal orders and individual patient history files. The claims universe was focused on identifying paid claims for diabetic test strips.

The Provider's response to the Draft Audit Report, dated April 20, 2015, was considered in the preparation of the Final Audit Report and resulted in changes for two findings; "Missing Information From Prescription/Fiscal Order" and "Prescriber's Signature Missing on Prescription/Fiscal Order." The results are contained in Overpayments Section of this report.

18 NYCRR Section 518.3(b)

AUDIT FINDINGS

The following detailed findings reflect the results of the audit:

1. No Explanation of Benefits (EOB) for Medicare Covered Item

Regulations state, "MA program as payment source of last resort. Where a third party, such as a health insurer or responsible person, has a legal liability to pay for MA-covered services on behalf of a recipient, the department or social services district will pay only the amount by which the MA reimbursement rate for the services exceeds the amount of the third party liability. The department or social services district will also pay if the third party payment will not be made within a reasonable time. The department or social services district will seek reimbursement for any payments for care and services it makes for which a third party is legally responsible. They will seek reimbursement to the extent of the third party's legal liability unless the amount reasonably expected to be recovered is less than the cost of making the recovery."

18 NYCRR Section 360-7.2

Regulations state: "The MA program will pay on behalf of qualified Medicare beneficiariesthe full amount of any deductible and coinsurance costs incurred under Part A of B of Title XVIII of the Social Security Act (Medicare)".

18 NYCRR Section 360-7.7(a) and (g)

Medicaid policy states: "For a service with both Medicare and Medicaid coverage, all charges for services must first be billed to Medicare. Only after Medicare payment information is received, may a claim be submitted for Medicaid reimbursement.

The pharmacist must maintain all Medicare payment information when Medicaid is billed on file for six years following the date of payment for audit purposes."

NYS Medicaid Program Pharmacy Manual

Policy Guidelines, Version 2008-1, 2009-1, 2010-1, 2010-2 and 2011-1, Section 1

Medicaid Policy states: "Utilization of Insurance Benefits-The Medicaid Program is designed to provide payment for medical care and services only after all other resources available for payments have been exhausted; Medicaid is the payer of last resort....Medicaid requires providers to exhaust all existing benefits prior to the billing of the Medicaid Program. If an enrollee has third-party insurance coverage, he/she **must** inform the LDSS of that coverage and to use its benefits to the fullest extent before using Medicaid. Supplementary payments may be made by Medicaid when appropriate."

NYS Medicaid Program, Information for all Providers

General Policy, Version 2008-2, 2010-1, 2010-2, 2011-1 & 2011-2, Section 1

NYS Medicaid Update states: "Medicaid law and regulations require that, when a recipient is eligible for both Medicare and Medicaid or has other insurance benefits:

The provider must bill Medicare or the other insurance first for covered services prior to submitting a claim to Medicaid.

The Medicaid program is designed to provide payment for medical care and services only after all other resources available for payments have been exhausted; Medicaid is always payor of last resort. Providers must maximize all applicable insurance sources before submitting claims to Medicaid. When coverage is available, payment from other insurance sources must be received before submitting a Medicaid claim.

- If the service is covered, or the provider does not know if the service is covered by Medicare and/or other available insurance, the provider must first submit a claim to Medicare and/or other insurer.
- Only when you are certain that Medicare or another insurer does not cover the service, can you bill Medicaid solely, and not bill other insurer first.

It is important to maintain appropriate financial documentation supporting your determination of available resources, collection efforts and the receipt of funds, as well as their application. These records must be made available to authorized Department personnel for audit purposes.”

*New York State Medicaid Update,
December 2005 (Vol. 20, No. 13)
“Billing Requirements for Patients Eligible for Both
Medicare and Medicaid or Who May Have Other Insurance”*

In 53 instances, Medicare EOBs were not in the records of patients who had Medicare coverage and Medicaid was billed prior to billing Medicare.

2. Pharmacy Billed in Excess of Prescribed Quantity

Regulations state: “By enrolling the Provider agrees... to submit claims on officially authorized claim forms in the manner specified by the department in conformance with the standards and procedures for claims submission” and “that the information provided in relation to any claim for payment shall be true, accurate and complete.”

18 NYCRR Sections 504.3(f) and (h)

For medical/surgical supply orders, Medicaid policy states: “If the ordering practitioner requests a quantity that does not correspond to the pre-packaged unit, the pharmacist may supply the drug in the pre-packed quantity that most closely approximates the ordered amount.”

*NYS Medicaid Program Pharmacy Manual
Policy Guidelines, Version 2008-1, 2009-1, 2010-1, 2010-2 & 2011-1, Section I*

In 47 instances, the pharmacy billed in excess of the quantity ordered by the ordering practitioner.

Note: If this is the only finding, the disallowance amount is the amount paid for the excess quantity billed. If there are other findings for the claim with this finding, the disallowance amount is the amount paid for the claim.

3. Missing Follow-Up Hard Copy Order for Medical Supplies

Regulations state: “Medical/surgical supplies means items for medical use other than drugs, prosthetic or orthotic appliances, durable medical equipment, or orthopedic footwear which have been ordered by a practitioner in the treatment of a specific medical condition and which are usually: (i) consumable; (ii) non-reusable; (iii) disposable; (iv) for a specific rather than incidental purpose; and (v) generally have no salvageable value.”

18 NYCRR Section 505.5(a)(2)

Regulations state: "The term written order or fiscal order are used interchangeably in this section and mean any original, signed written order of a practitioner which requests durable medical equipment, prosthetic or orthotic appliances and devices, medical/surgical supplies, or orthopedic footwear."

18 NYCRR Section 505.5(a)(8)

Regulations state: "All durable medical equipment, surgical/medical supplies, orthotic and prosthetic appliance and devices, and orthopedic footwear may be furnished only upon a written order of a practitioner."

18 NYCRR Section 505.5(b)(1)

Medicaid policy states: "Medical/surgical supplies can only be obtained by presenting a signed, written order (fiscal order) from a qualified prescriber."

*NYS Medicaid Program Pharmacy Manual
Policy Guidelines, Version 2008-1, 2009-1, 2010-1, 2010-2 & 2011-1, Section I*

In 24 instances, a signed written order from the ordering practitioner, as a follow-up to a telephone or fax order, was not obtained by the Provider.

Note: If this is the only finding for these claims, the finding will not be extrapolated.

4. Missing Information From Prescription/Fiscal Order

Regulations state: "(2) All orders must show the name, address, telephone number of the practitioner and the name and identification number of the recipient for whom ordered. (3)... When used in the context of a nonprescription item, the order must also contain the following information: name of the item, quantity ordered, catalog number as necessary, directions for use, date ordered, and number of refills, if any."

18 NYCRR Section 505.5(b)(2) and (3)

Medicaid policy states: "All prescriptions and fiscal orders must bear: the name, address, age, and client identification number (CIN) of the patient for whom it is intended...; the date on which it was written; the name, strength, if applicable, and the quantity of the drug prescribed; directions for use, if applicable; and the name, address, telephone number, profession, DEA Number (if applicable) and signature of the prescriber who has written or initiated the prescription or fiscal order."

*NYS Medicaid Program Pharmacy Manual
Policy Guidelines, Version 2008-1, 2009-1, 2010-1, 2010-2 & 2011-1, Section I*

In 15 instances, the written order did not have the minimum information required; the quantity of the diabetic test strip prescribed was missing.

Note: If this is the only finding, the disallowance amount is the amount paid in excess of the minimum allowable quantity. If there are other findings for the claim with this finding, the disallowance amount is the amount paid for the claim.

5. Other Insurance Payments Not Applied

Regulations state: "MA program as payment source of last resort. Where a third party, such as a health insurer or responsible person, has a legal liability to pay for MA-covered services on behalf of a recipient, the department or social services district will pay only the amount by which the MA reimbursement rate for the services exceeds the amount of the third party

liability. The department or social services district will also pay if the third party payment will not be made within a reasonable time. The department or social services district will seek reimbursement for any payments for care and services it makes for which a third party is legally responsible. They will seek reimbursement to the extent of the third party's legal liability unless the amount reasonably expected to be recovered is less than the cost of making the recovery."

18 NYCRR Section 360-7.2

Regulations state: "Any insurance payments including Medicare must be applied against the total purchase price of the item."

18 NYCRR Section 505.5(d)(1)(v)

In 8 instances, other insurance payment was not applied and the Provider billed Medicaid as primary.

6. Prescriber's Signature Missing on Prescription/ Fiscal Order

Regulations state: "The term written order or fiscal order are used interchangeably in this section and mean any original, signed written order of a practitioner which requests durable medical equipment, prosthetic or orthotic appliances and devices, medical/surgical supplies, or orthopedic footwear."

18 NYCRR Section 505.5(a)(8)

Medicaid policy states: "All prescriptions and fiscal orders must bear: the name, address, age, and client identification number (CIN) of the patient for whom it is intended...; the date on which it was written; the name, strength, if applicable, and the quantity of the drug prescribed; directions for use, if applicable; and the name, DEA Number (if applicable) and signature of the prescriber who has written or initiated the prescription or fiscal order."

*NYS Medicaid Program Pharmacy Manual
Policy Guidelines, Version 2008-1, 2009-1, 2010-1, 2010-2 & 2011-1, Section I*

In 3 instances, the prescriber's signature was missing on the prescription/fiscal order.

7. Prescription/Fiscal Order Refilled in Excess of Prescriber's Authorization and/or Refilled in Violation of Medicaid Regulations

Regulations state: "An order for medical/surgical supplies will not be refilled unless the ordering practitioner has indicated the number of refills on the order. All refills must reference the original order."

18 NYCRR Section 505.5(b)(4)(i)

Medicaid policy states: "A prescription or fiscal order may not be refilled unless the prescriber has indicated on the prescription or fiscal order the number of refills."

*NYS Medicaid Program Pharmacy Manual
Policy Guidelines, Version 2008-1, 2009-1, 2010-1, 2010-2 & 2011-1, Section I*

In 1 instance, the fiscal order was refilled in excess of the prescriber's authorization.

OVERPAYMENTS

The OMIG's review of Medicaid claims paid to the Provider from January 1, 2009, through December 31, 2011, identified 115 claims with at least one error, for a total sample overpayment of \$12,115.64 (Appendix A). The extrapolated adjusted point estimate overpayment is \$100,212 and the adjusted lower confidence limit overpayment of \$86,520. The Provider's response to the Draft Audit Report, dated April 20, 2015, was considered in the preparation of the Final Audit Report and resulted in changes for two findings; "Missing Information From Prescription/Fiscal Order" and "Prescriber's Signature Missing on Prescription/Fiscal Order." The results are contained in the Audit Findings section of this report.
