DEPARTMENT OF HEALTH
OFFICE OF THE MEDICAID INSPECTOR GENERAL**

**BED RESERVE AUDIT
COBBLE HILL HEALTH CENTER
JANUARY 1, 2002 – DECEMBER 31, 2004**

FINAL AUDIT REPORT

**James G. Sheehan
Medicaid Inspector General
October 27, 2010**

OFFICE OF THE MEDICAID INSPECTOR GENERAL

omig.ny.gov

The mission of the Office of the Medicaid Inspector General (OMIG), as mandated by New York Public Health Law § 31 is to preserve the integrity of the New York State Medicaid program by preventing and detecting fraudulent, abusive and wasteful practices within the Medicaid program and recovering improperly expended Medicaid funds.

DIVISION OF MEDICAID AUDIT

The Division of Medicaid Audit professional staff conducts audits and reviews of Medicaid providers to ensure compliance and program requirements and, where necessary, to recover overpayments. These activities are done to monitor the cost-effective delivery of Medicaid services for prudent stewardship of scarce dollars; to ensure the required involvement of professionals in planning care to program beneficiaries; safeguard the quality of care, medical necessity and appropriateness of Medicaid services provided; and, to reduce the potential for fraud, waste and abuse.

DIVISION OF MEDICAID INVESTIGATIONS

The Division of Medicaid Investigations (DMI) investigates potential instances of fraud, waste, and abuse in the Medicaid program. DMI deters improper behavior by inserting covert and overt investigators into all aspects of the program, scrutinizing provider billing and services, and cooperating with other agencies to enhance enforcement opportunities. Disreputable providers are removed from the program or prevented from enrolling. Recipients abusing the system are not removed from this safety net, but their access to services is examined and restricted, as appropriate. DMI maximizes cost savings, recoveries, penalties, and improves the quality of care for the state's most vulnerable population.

DIVISION OF TECHNOLOGY AND BUSINESS AUTOMATION

The Division of Technology and Business Automation will continue to support the data needs for the OMIG in the form of audit and investigative support, data mining and analysis, system match and recovery, through the use of commercial data mining products and procurement of expert service consultants.

OFFICE OF COUNSEL TO THE MEDICAID INSPECTOR GENERAL

The Office of Counsel to the Medicaid Inspector General promotes the OMIG's overall statutory mission through timely, accurate and persuasive legal advocacy and counsel.

Re: Bed Reserve Audit
Final Report
Audit# 07-4902
Provider # [REDACTED]

Dear [REDACTED]

Enclosed is the Office of the Medicaid Inspector General's ("OMIG") final audit report of bed reserve payments to Cobble Hill Health Center (the "Facility") for the three years ended December 31, 2004. In accordance with Section 517.6 of Title 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York, this report represents the final determination on issues found during the review.

After reviewing the Facility's October 7, 2010 response (Attachment I) to the OMIG's August 4, 2010 draft report, the OMIG has reduced the draft report disallowances from \$482,412 to \$3,816. A detailed explanation of the revision is included in this final report.

BACKGROUND, PURPOSE & SCOPE

Pursuant to Title XIX of the Social Security Act, the Medicaid program provides medical assistance to low-income individuals and individuals with disabilities. The federal and state governments jointly fund and administer the Medicaid program. In New York State, the Department of Health ("DOH") administers the Medicaid program. As part of this responsibility, the Department's Office of the Medicaid Inspector General (the "OMIG")

conducts audits and reviews of various providers of Medicaid reimbursable services, equipment and supplies. These audits and reviews are directed at ensuring provider compliance with applicable laws, regulations, rules and policies of the Medicaid program as set forth by the Departments of Health and Mental Hygiene [Titles 10, 14 and 18 of the Official Compilation of Codes, Rules and Regulations of the State of New York (10 NYCRR, 14 NYCRR, 18 NYCRR)] and the Medicaid Provider Manuals.

The purpose of the audit was to ensure that the Facility was in compliance with 18 NYCRR §505.9(d), which addresses the eligibility and requirements to bill Medicaid for a reserved bed day, §504.3 which addresses the duties of a provider by enrolling in Medicaid, and §515.2 that addresses unacceptable practices. Also, in accordance with 18 NYCRR §518.4, interest may be collected on any overpayments identified in this audit and will accrue at the current rate from the date of the overpayment.

For a bed to be reserved and billed to the Medicaid Program, the vacancy rate requirement under 18 NYCRR Section 505.9(d) states, "The department will pay an institution for a recipient's reserved bed days when the part of the institution to which the recipient will return has a vacancy rate of no more than 5 percent on the first day the recipient is hospitalized or on leave of absence."

An analysis was completed of the Monthly Periodic Census Reports (Attachment II) that were submitted by the Facility to support the daily activity and bed reserve payments for the three years ended December 31, 2004. Part of this analysis was to determine if any new bed-holds were billed to Medicaid by the Facility during a period where the vacancy rate exceeded 5%. The Facility had a 520 bed capacity from January 1, 2002 through April 30, 2004, and received a waiver on countable beds due to a construction project within the Facility effective May 1, 2004 through December 31, 2004. In complying with the 5% vacancy requirement, the Facility's unoccupied bed count could not exceed 26 vacant beds at the time the Facility billed Medicaid for a new bed-hold during the non-waiver period.

FINDINGS

In an August 4, 2010 draft report the audit findings identified \$347,453.84 in inappropriate bed reserve payments that were made to the Facility for bed-holds during a period the Facility exceeded the allowable 5% vacancy rate; with the majority of these disallowances being identified in a period from May 1, 2004 through December 31, 2004. The Facility's October 7, 2010 written response to the draft report included a July 26, 2004 letter from the Department of Health granting the Facility a waiver on the total bed count the Facility was to use in determining their Facility's vacancy rate during a construction project of two forty bed units beginning in May, 2004. This letter had not been previously submitted by the Facility when the OMIG requested census information at the initial stage of the audit. As a result, from May 1, 2004 through December 31, 2004 the Facility's available bed count to be used in calculating their vacancy rate was drastically reduced due to their construction project. Due to this waiver being granted by the Department of Health that allowed a temporary reduction in the Facility's bed count during the period of construction, and the Facility demonstrating good practices related to bed reserve policy prior to this construction period, the OMIG is removing

those disallowances from the final report that were identified in the draft report during this construction period. The Facility's response letter further states that the Facility agrees with all other bed reserve disallowances identified in the draft report that were paid outside this construction period.

After taking into consideration the construction period referenced above, and applying the information contained in the Periodic Census Reports submitted by the Facility (Attachment II), the audit determined that the Facility was periodically operating above a 5% vacancy rate during the three years ended December 31, 2004. The audit found that a total of 13 bed-hold days were inappropriately billed to Medicaid while the Facility's vacancy rate exceeded 5% (Attachment III). As a result, §504.3, §505.9(d), and §515.2 requirements were violated and the amount of overpayment, as defined in 18 NYCRR §518.1, is reduced from the \$347,453.84 identified in the draft report to \$2,786.65 (Attachment IV).

Under the Health Care Assessment Program, residential health care facilities licensed under Article 28 of the Public Health Law §2807-d must pay a six percent assessment on monthly cash receipts effective April 1, 2002. New York State Medicaid has established a reimbursement mechanism through rate code 3836 to reimburse nursing homes for the portion of the assessment that applies to days where the Medicaid Program is the primary payer for your residents. The cash receipt assessment payment made by New York State Medicaid related to each disallowed bed reserve payment is also recoverable as a disallowance and is included as an overpayment of \$162.02 in this report (Attachment V, Disallowed Cash Assessment).

In accordance with 18 NYCRR §518.4, interest may be collected and will accrue at the current rate from the date of the overpayment. Interest was calculated on the overpayments identified in this final report using the Federal Reserve Prime rate (Attachment VII) from the date of each overpayment through the date of the draft report; August 4, 2010. As a result, for the overpayments identified in this audit, the OMIG has determined that accrued interest of \$867.68 is owed (Attachment V).

The overpayments identified in this final report were determined by applying the Facility's promulgated rates at the date this report was issued (Attachment VI). Based on this determination, the total amount of overpayment, as defined in 18 NYCRR §518.1 is \$3,816, inclusive of interest (Attachment V). Repayment of \$3,816 is due the New York State Department of Health.

PROVIDER RIGHTS

In accordance with 18 NYCRR Part 518 which regulates the collection of overpayments, your repayment options are described below.

OPTION #1: Make full payment by check or money order within 20 days of the date of the final report. The check should be made payable to the New York State Department of Health and be sent with the attached Remittance Advice to:

[REDACTED]
New York State Department of Health
Medicaid Financial Management, B.A.M.
GNARESP Corning Tower, Room 1237
Albany, New York 12237-0016

OPTION #2: Enter into a repayment agreement with the Office of the Medicaid Inspector General. If your repayment terms exceed 90 days from the date of the final report, recoveries of amounts due are subject to interest charges at the prime rate plus 2%. If the process of establishing the repayment agreement exceeds 20 days from the date of the final report, the OMIG will impose a 15% withhold after 20 days until the agreement is established. The OMIG may require financial information from you to establish the terms of the repayment agreement. If additional information is requested, the OMIG must receive the information within 30 days of the request or a 50% withhold will be imposed. OMIG acceptance of the repayment agreement is based on your repaying the Medicaid overpayment as agreed. The OMIG will adjust the rate of recovery, or require payment in full, if your unpaid balance is not being repaid as agreed. The OMIG will notify you no later than 5 days after initiating such action.

If you wish to enter into a repayment agreement, you must forward your written request within 20 days to the following:

Bureau of Collections Management
New York State Office of the Medicaid Inspector General
800 North Pearl Street
Albany, New York 12204
[REDACTED]

If within 20 days, you fail to make full payment or contact the OMIG to make repayment arrangements, the OMIG will establish a withhold equal to 50% of your Medicaid billings to secure payment and liquidate the overpayment amount, interest and/or penalty, not barring any other remedy allowed by law. The OMIG will provide notice to you no later than 5 days after the withholding of any funds.

In addition, if you receive an adjustment in your favor while you owe funds to the State, such adjustment will be applied against the amount owed.

The Facility has the right to challenge this action and determination by requesting an administrative hearing within sixty (60) days of the date of this notice. In accordance with 18 NYCRR Section 519.18(a), "The issues and documentation considered at the hearing are limited to issues directly relating to the final determination. An appellant may not raise issues regarding the methodology used to determine any rate of payment or fee, nor raise any new matter not considered by the department upon submission of objections to a draft audit or notice of proposed agency action."

If the Facility wishes to request a hearing, the request must be submitted in writing to:

General Counsel
Division of Counsel
New York State Office of the Medicaid Inspector General
800 North Pearl Street
Albany, New York 12204

If a hearing is held, the Facility may have a person represent the Facility or the Facility may represent itself. If the Facility chooses to be represented by someone other than an attorney, the Facility must supply along with the Facility's hearing request a signed authorization permitting that person to represent the Facility. At the hearing, the Facility may call witnesses and present documentary evidence on the Facility's behalf.

If the Facility has any questions please contact [REDACTED] at [REDACTED] or email at [REDACTED] **Do not** submit claim voids in response to this final report.

Thank you.

Sincerely,

[REDACTED]
